DEDICATED TO
JAMES A. STUART

There are people in every community who quietly give of their time and energy for the common good of their town. Jim Stuart is one of these individuals. Being a long time dairy farmer and involved in many aspects of the Town of Stratham has made him an important contributor to the life of our community. Along with his wife Lorraine, they were Chairpeople of the 4-H area of the Stratham Fair for 26 years. The 4-H program at the Fair is the foundation of our country fair. Countless young people had positive and rewarding experiences at the Stratham Fair under the warm and encouraging oversight of the Stuarts.

Jim Stuart served a long and distinguished term as Chairman of the Zoning Board of Adjustment (ZBA) from 1979 to 1994. With the Town changing dramatically, Jim guided the ZBA through an era of many zoning changes. Mindful of the pressures placed on family farms by development, the Stuarts' Farm became one of the first farms in the state to sell their development rights to the State of New Hampshire to maintain the rural character of Stratham and insuring a continued farming presence in this region. Jim also served on the Town's first Master Plan Committee and again as Chairman of the most recent effort to update the Master Plan, to include chairing the Community Stewardship Program. Jim also worked on the Cost of Community Services study in 1994, which analyzed the cost to the Town associated with different types of land uses. For these and other efforts, the State of New Hampshire Office of State Planning named Jim Stuart as Citizen Planner of the Year in 1997.

For all these commitments and the investment of himself in our community and our State, we dedicate this 1999 Town Report to a devoted citizen of our ever-expanding community. He is truly an example to others in both words and deeds. On behalf of a grateful community, the Board of Selectmen extends its thanks and best wishes to you in your future efforts.

SELECTMEN'S REPORT

The 1999 year had brought many activities and changes to the Town of Stratham. One of the many changes this year was the resignation of Chairman of the Board of Selectmen, Bill Krooss in July, because of his move to NJ. We wish to thank him for his many years of outstanding service to the Town, including being on the ZBA and Planning Board, which he chaired. Graeme Mann was appointed to fulfill the remainder of his term as Selectman.

The NH State Supreme Court handed down its decision regarding the proposed certification of a bargaining unit for the Police and Highway Departments. The decision was settled in favor of the Town of Stratham, which precluded a bargaining unit at this time. The Town can now consider issues of concern regarding wages/benefits/working conditions of the Highway and Police Departments. The Selectmen approved a raise for the Police and Highway Departments effective November 1, 1999.

The Town has accepted the deed for the purchase of a portion of the Stevens property located on Bunker Hill Avenue. Currently, the Selectmen are forming a Master Plan Committee to investigate the best possible usage of this newly acquired property. Some suggestions have been additional space for the Highway Department and Recreation Department.

As with the Town, the Wiggin Memorial Library has had many changes this year as well. Mike Sullivan, Library Director, gave his resignation and has moved on. The Library Trustees interviewed and hired Lesley Gaudreau as the new Library Director. She comes to us from the Seabrook Library. The transition was smooth and the library continues to thrive as more and more people take advantage of the many programs available in our fine library.

Under a federal grant, a new community police officer has been hired. One of the duties of this new position is to aid in community outreach with the schools. Another grant has allowed for the purchase of new bulletproof vests for the police officers. As officers are hired, they will be fitted for their new vests. Once again, our thanks go to Bob Levine for his donation of portable radios to the Police Department.

The Highway Department has requested a new position. As the Town of Stratham continues to grow, the Highway Department feels a new position is needed to maintain our excellent road system. The new position would allow an additional snowplow route, which will shorten the time to complete each route. In the summer, an additional person would help in the areas of lawn mowing and general maintenance of the Town.

The Planning Board has also been busy this year. The Planning Board has reviewed growth control. After a short building permit freeze, it was voted that voluntary phasing would continue to be the way to deal with the growth of Stratham. Another major issue involving the Planning Board was the proposal of Wal Mart in the CLEO district. The Wal Mart proposal needed several variances from the ZBA. The most important of these was two wetlands variances, with which the State had many problems. Because of these problems with their proposal, it was withdrawn.

The Fire Department has concluded that there is a need for a new fire truck. In anticipation of the approval of the proposed Capital Improvement Budget, the Fire Department has selected a new first response engine. The Department has voted to donate \$50,000 toward the purchase. A sincere thank you goes out to all the Volunteer Fire Department members for their hard work and dedication throughout the year.

The Economic Development Committee held two business round tables, which invited local businesses to discuss issues and ideas to help strengthen their ties to the community. Another project on which the Economic Development Committee is currently working is the development of a local web site to help promote Stratham as a possible location for a new or relocated business. They also have proposed a Corporate Park Overlay District, which will be voted on at Town Meeting.

The Recreation Department has provided the young and old alike with many activities. A concert in the Park featuring Beetlejuice was a great success this summer. The children's programs continue to flourish and provide the youth of Stratham with team sports and summer activities. The Recreation Department has also provided many bus trips for the citizens of Stratham throughout the year.

The Town Office purchased new computers this year and successfully survived Y2K with no major concerns. Renovations in the town offices have been completed and include new and more efficient office space as well as storage space. More computer upgrades are needed and a request for funds is included in the CIP for these improvements. A Statewide concern this year was the school funding. As a result of this, the tax bills included a fourth tax line for a statewide property tax. The Board of Selectmen would like to thank all the people who paid their taxes promptly. These monies help the Town of Stratham operate smoothly without cash flow problems.

The Board of Selectmen would like to take this opportunity to thank the many volunteers who take part in local government and town-wide programs. All their hard work and effort does not go unnoticed. Without the volunteers, the Town of Stratham would not be able to provide the many quality services offered to our citizens.

The public is always welcome to attend and participate at the weekly Selectmen's meetings held Monday nights at 7:30 p.m. in the Municipal Center. Topics of discussion are posted on Friday prior to the meeting at the Town Office, the Wiggin Memorial Library, and the Stratham Post Office. As always, we look forward to another productive and effective year.

Kirk Scamman
Martin Wool
Graeme Mann

Board of Selectmen

**MINUTES OF THE TOWN MEETING
MARCH 9, 1999**

The polling hours are 8 am – 8 pm. The Ballot Clerks are Elaine Alexander, Marice Alexander, Annette Carter, and Barbara Mann. They were sworn in at 7:55 AM. We had 2000 Town Ballots, of which 5 were used to test the voting machine leaving 1995 ballots available at the start of voting; Co-Operative School Ballots, 1978 and 5 were used to test the machine leaving 1973 available at the start of voting. The polls were declared open at 8:00 AM by the Moderator W. Douglas Scamman Jr. and Assistant Moderator Jerry Howard. At 2:45 the absentee ballots were checked. There were 26 absentee ballots used. At the start of the day there were 4239 voters on the checklist, 20 new voters registered on Election Day. There were a total of 902 ballots cast, 876 regular ballots, and 26 absentee. The polls were declared closed at 8:00 pm with the last ballot going into the box at 8:10 PM. Votes were as follows:

Town Officers: Selectman for three years; Stephen J.C. Woods 330, Martin Wool 536* - Treasurer for Three years, Kenneth Lanzillo 810* - Town Clerk/Tax Collector for three years, Shirley S. Daley 813* - Trustee of the Trust Funds for three years; Gordon L. Barker 796* - Cemetery Committee for three years; Lucy H. Cushman 761* - Trustee of the Library for one year; D.Craig Wark 554* - Trustee of the Library for three years; J. Jermain Bodine 769*

Stratham School District Ballot: Stratham School District Board member for three years, vote for two. Robert Hillery 606* - Anne R. Sloan 648*.

Town Zoning Articles: Article #2 Yes-727* No-139, Article #3 Yes-805* No-43, Article #4 Yes-780* No-78, Article #5 Yes-730* No-125, Article #6 Yes-709* No-131, Article #7 Yes 667* No-161, Article #8 Yes 734* No-92, Article #9 Yes-743* No-87.

Co-operative School Ballot: There will be no indication of a winner as this is the result of the Town of Stratham voting only. East Kingston Co-operative Board member: Kimberly Casey 510, Exeter Co-operative Board member: Linda P. Henderson 510, Stratham Co-operative Board member: Lucy H. Cushman 736, Moderator for the Co-operative School District: Charles F. Tucker 664.

Co-operative Articles: Article #1 Yes-525 No-305, Article #2 Yes-596 No-233, Article #3 Yes-580 No-250, Article #4 Yes-504 No-315, Article #5 Yes-472 No-351, Article #6 Yes-388 No-415, Article #7 Yes-584 No-151, Article #8 Yes-616 No-161, Article #9 Yes-637 No-172, Article #10 Yes-178 No-604, Article #11 Yes-472 No-278, Article #12 Yes-274 No-513, Article #13 Yes-434 No-325, Article #14 Yes-308 No-442, Article #15 Yes-306 No-454.

March 12, 1999 Continuation of Town Meeting – Warrant Articles:

The meeting was called to order by the Moderator W. Douglas Scamman Jr. at 7:30 pm. Boy Scout Troop 185 of Stratham presented the colors and led the Pledge of Allegiance to the flag. Doug Scamman read the dedication to Joyce Rowe in the Town Report and made note of remembrance to George Brown and Larry Dowling. He also read the result of Tuesday's election. The Moderator would read each article as we went along.

Article #10 Tax Lien Redemption – Doug read the article, Bill Krooss made the motion and Kirk Scamman seconded. It was explained there would be a ballot vote as there would have to be a 2/3 vote required. The poll would remain open for 1 hour. Results after the close were Yes-79* No-3. The article passed.

Article #11 Budget – Martin Wool made the motion to accept and Bill Krooss seconded. Jim Scamman Sr. made a motion to add \$45,000.00 to the Budget. Tim Mason seconded the motion. Jim stated the Police and Highway employees had not gotten a pay raise in three years due to the case with the union. This would represent the amount of money that they would have had if the raises had been given over the past three years. He felt we were losing good employees because of no raise. Marty spoke stating Mr. Scamman was correct, but the Town was waiting for a decision from the Supreme Court on the matter. The Town labor lawyer said a raise would be an unfair labor practice. John Hutton III spoke in favor of the motion, Paula Krolkowski asked if it would go to the men or would it cause a problem, Doug Scamman explained the offer would be made in writing to the union and it would be up to them to accept or reject the offer. Steve Woods agreed with Marty and advised against it. He would like to raise the money but not offer it until the decision from the court has been made. Kirk Scamman spoke in favor of the raises. Peter Darling said the motion should be made to incorporate the decision. Doug Scamman said the motion could stand for \$45,000.00 and it is clear it is for the raises and is to be administered by the Selectmen in the future of the year. Steve Woods felt the money should be raised by not made available to the bargaining unit. Jim Scamman said to leave it up to the Selectmen on how to get it to the employees. Motion passed to raise the budget amount to \$2,569,725.00. Marty explained the budget and the vote was in the affirmative for the total of \$2,569,725.00.

Article #12 CIP -- Kirk Scamman made the motion to accept the article, Bill Krooss seconded the motion. Kirk explained the \$352,000.00 CIP. Vote taken in the affirmative.

Article #13 Emery Lane Petition, Beth Petit petitioner – Beth Petit made the motion to accept the article as read, Nancy Keating seconded the motion. Beth explained she would like the Town to raise 18,000.00 dollars to make the intersection of Emery Lane and RT 108 into a "T" intersection, in hopes to slow cars and make the road safer. Chief Daley was asked if speed surveys had been done, he explained they had been done three different times with a marked cruiser, unmarked cruiser, and a private vehicle and all three times only one car was over 35 MPH. Marty Wool and Bill Krooss both explained the surveys and stated the board did not feel the funding and change was necessary. Gill

Gelineau of Patriots Road felt it would make the intersection worse. Paula Krolikowski asked if signs would help. Discussion followed, the vote was taken by a voice vote. Moderator declared the article did no pass. Beth Petit asked for a show of hands. Moderator agreed. Yes votes 15, No vote was declared the winner without counting by the moderator, as it was obvious there were many more standing. The article did not pass.

Article #14 Social Security -- Motion made by Marty Wool to accept the article, seconded by Bill Krooss. Marty explained the article. The vote was taken. Vote in the affirmative.

Article #15 1% discount on taxes--Motion made by Kirk Scamman to accept, seconded by Marty Wool. Vote was taken in the affirmative.

Article #16 Other Business -- Gordon Snyder made a motion to "To See if the Town will vote to authorize the Selectmen to appoint a committee of three to nine persons to study the desirability of hiring a full time recreation director for the Town of Stratham." Martin Wool seconded the motion. Mr. Snyder felt the Town should look into this as the town is growing. Jim Scamman spoke against it, as it is working well with volunteers. Mike Maskwa, Chairman of the Recreation Commission said they were unaware of this motion and the Department did not support it. Caren Gallagher said she has been running the out of sports events and has not had much response. Lauren Shur said it was only a committee. Moderator asked for the vote. By voice vote, the article did not pass.

Bill Krooss then recognized Carl Spaulding for his 20 years of service to the Stratham Police Department. Carl is retiring on April 4, 1999. He also recognized Dwight & Ellie Crow for their many years of service in town and Dwight being on the Zoning Board of Adjustment. The Crows are moving out of town. He recognized Joyce Rowe again. Stephen Woods was thanked for his contribution to the Board of Selectmen; Fay Rubin was thanked for her time on the Planning Board and Mike Sullivan for his service as Librarian. Mike has taken another position.

The ballots for article #10 were counted. 79 Yes and 3 No. Article 10 was adopted.

Respectfully Submitted,

Shirley S. Daley
Town Clerk/Tax Collector

STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 8 AM TO 8 PM

To the inhabitants of the Town of Stratham in the County of Rockingham in said State,
qualified to vote in Town Affairs:

You are hereby notified to meet at the Stratham Municipal Center on Tuesday, on the
fourteenth day of March 2000, next at eight of the clock in the forenoon, to act upon the following
subjects:

ARTICLE 1: – To choose all necessary Town Officers for the year ensuing.

**Are you in favor of the Adoption of the following amendments proposed by the Stratham
Planning Board for the Town of Stratham Zoning Ordinance as follows:**

ARTICLE 2 – To modify Section 4.1.3 to read as follows:

More than one building may be allowed on a lot in the General Commercial, Town
Center, Industrial, Commercial/Light Industrial/Office and **Professional Residential**
districts provided that there is a minimum distance of sixty (60) feet separating each of
the buildings **in the General Commercial, Commercial/Light Industrial/Office and
Industrial zones, and thirty (30) feet of separation between buildings in the Town
Center and Professional Residential zones.** (Adopted 3/96)

The Planning Board recommends this article.

ARTICLE 3 – To add a column to the Table of Dimensional Requirements as follows:

SECTION 4.2 (TABLE OF DIMENSIONAL REQUIREMENTS)

	<i>Maximum Building Footprint</i>
Residential/ ^{b,h} Agricultural	<i>NA</i>
Manufact. Hous/ ⁱ Mobile Home	<i>NA</i>
Profess/Res. ^c (1) ^g (2) ^g	<i>N/A</i>
Town Ctr ^c	<i>N/A</i>
General Comm. ^{c,e}	<i>80,000 sq. ft.</i>
CLIO	<i>80,000 sq. ft.</i>
Industrial ^c	<i>N/A</i>
Retirement Planned Comm. ^k	<i>N/A</i>

The Planning Board recommends this article.

ARTICLE 4 – To completely remove and replace the existing Section 5.1 Non-Conforming Uses with a new section titled NON-CONFORMING STRUCTURES AND USES.

5.1 NON-CONFORMING USES

- ~~5.1.1 Discontinuance. Any non-conforming use may be continued until discontinued for a period of six months, at which time it shall not be re-established and any future use shall be in conformity with this Ordinance. For the purposes of this Section, "discontinued" shall mean ceased, without any regard for the intent to cease or the intent to re-establish a non-conforming use.~~
- ~~5.1.2 Changes. No building, structure, or use which has been changed from a non-conforming to a conforming use shall be permitted to revert to a non-conforming use. There shall be no conversion from one non-conforming use to another non-conforming use.~~

~~5.1.3~~ ~~Increases. No increase in the extent of a non-conforming use of a structure or land shall be made. No non-conforming structure can be enlarged or extended.~~

5.1.4 Rebuilding. A non-conforming structure or use damaged by fire or other causes shall be repaired or rebuilt within one year of the damage and there shall be no increase in footprint, height or floor space of the structure.

SECTION 5.1 NON-CONFORMING STRUCTURES AND USES

5.1.1 RECONSTRUCTION OF:

Any non-conforming structure which is completely or substantially destroyed by casualty loss may be replaced with a similar structure which has the same building footprint dimensions and meets the setbacks of the previously existing structure. The structure may be rebuilt provided such construction is started within one year of the casualty loss and complete within two years of the casualty loss. The provisions of the Town of Stratham Building Code, as amended, shall apply to any reconstruction.

5.1.2 EXPANSION OF NON-CONFORMING USES

Except as noted below, an expansion of a non-conforming use is prohibited except by variance by the Zoning Board of Appeals.

A variance is not required if the expansion is a natural expansion which does not change the nature of the use, does not make the property proportionately less adequate, and does not have a substantially different impact on the neighborhood.

5.1.3 EXPANSION OF NON-CONFORMING STRUCTURES

Non-conforming structures may be expanded in accordance with the terms of a special exception issued by the Zoning Board of Adjustment, which must find the following factors to exist before issuing such a special exception:

- a. The proposed expansion must intrude no further into any setback area than does the existing structure.
- b. The expansion must have no further adverse impact on the view, light, and air of any abutter.
- c. The expansion must not cause property values to deteriorate.
- d. The expansion must not impede existing rights of access or egress.
- e. That portion of the proposed expansion, which will intrude into the setback must, in no event, exceed the footprint square footage of that portion of the structure which presently intrudes into the setback, regardless of the number of applications made over time under this subsection.

- f. In the event the non-conforming structure contains a commercial use, there must be no adverse impact on access, traffic, parking, lighting, or other safety or visibility features of the existing structure.
- g. A special exception under this subsection may be granted only as to expansions into the side, front, and rear setbacks, and is not available for expansions, which violate height restrictions of this Ordinance.

5.1.4 DISCONTINUANCE OF:

In the event that a non-conforming use is voluntarily discontinued for a period of one year, such non-conforming use shall be deemed abandoned and shall not be able to resume without compliance with the Zoning Ordinance or, alternately, without a variance from the Zoning Board of Adjustment. Voluntary abandonment shall be evidenced by either of the following:

Discontinuance of the occupancy or nonconforming use for twelve consecutive months with no ongoing attempts to sell or lease the property for its non-conforming use; or,

Failure to resume the nonconforming use within eighteen months, even though there may be ongoing efforts to sell or lease the property for its non-conforming use.

5.1.5 CONTINUANCE OF:

All non-conforming structures and uses which predate the adoption or amendment of this Ordinance may continue in their present use. These uses shall run with the land and may be transferred by sale or lease by present owner to future owners or leasees, subject to the other terms of this Ordinance, which limit such non-conforming uses.

All new uses, changes of uses, expansion of uses or resumption of uses previously discontinued shall not be permitted until the property owner or authorized leasee has first made application to the Town of Stratham Code Enforcement Officer for an administrative decision seeking a determination whether a permit is required for such new, change, expansion or resumption of the non-conforming use or non-conforming structure under the terms of this Ordinance. If a permit or other application is required, such use may not proceed until such application has been made and processed as required by Town Regulations and Ordinances.

The Planning Board recommends this article.

ARTICLE 5 – To create a new Section XXI establishing a Corporate Campus Overlay district as follows:

SECTION XXI

CORPORATE CAMPUS (OVERLAY) DISTRICT

21.1 PURPOSES

The Regulations of this District are intended to provide a flexible method of non-residential development that is consistent with principles of sound planning and wise land use that are not specifically permitted in the current Zoning Ordinance. All developments seeking a conditional use permit shall be administered by the Planning Board to insure that Corporate Campus development opportunities do not adversely impact neighboring properties, or the citizens and Town of Stratham. The Planning Board shall consider the following purposes and balance them accordingly during review of individual applications.

- 21.1.1** To maintain a favorable tax rate, strengthen the economic base and improve employment opportunities of the Town of Stratham. Such activities should not adversely affect the natural environment, adjacent residential areas, or community facilities.
- 21.1.2** To maintain the rural character of the Town of Stratham by allowing an alternative non-residential development option, which preserves large areas of open space, provides for visual buffers from existing roads and residential development, and permits farming opportunities on parcels of open space.
- 21.1.3** To preserve large, contiguous parcels of open space throughout the Town and particularly as found in the Stratham Master Plan designated and referred to as the Stratham 'S' on Map FLU-2.
- 21.1.4** To provide for connected corridors of open land throughout Town for preservation of habitat, environmental resources, and public enjoyment.

21.2 AREA

The Stratham Corporate Campus District is defined as any parcel (or parcels) of which adequate frontage exists from Route 33 or Route 108; or frontage from an alternate road provided a majority of the lot is located within 1000 feet of Route 33 or Route 108, that exhibit the minimum of dimensional requirements as specified in Section 21.6 of this Ordinance

21.3 PERMITTED USES

- 21.3.1** The following uses are permitted provided that they are conducted in accordance with the intent of this Ordinance and further having been granted a conditional use permit in accordance with Section 21.4 of this Ordinance:

- a) Any use permitted by the existing underlying Zoning district.
- b) Research and development, corporate and business offices.
- c) Public recreational uses and facilities provided as an ancillary use to the primary facility.

21.4 CONDITIONAL USE PERMITS

21.4.1 All proposals considered for development under the Corporate Campus District Regulations shall obtain a conditional use permit from the Planning Board. The conditional use permit shall clearly set forth all conditions of approval and shall clearly list all plans, drawings, and other submittals that are part of the approved use. Everything shown or otherwise indicated on a plan or submittal that is listed on the conditional use permit shall be considered to be a condition of approval. Construction shall not deviate from the stated conditions without approval of the modification by the Planning Board.

21.4.2 Standards for approval. All standards below must be met or impacts mitigated to the satisfaction of the Planning Board prior to the granting of a Conditional Use Permit.

- a) The permit is in compliance with this Ordinance.
- b) If any violations of the Stratham Zoning Ordinance exist on the subject property the application/proposal must propose corrections for compliance before any approval will be considered.
- c) The character of the area shall not be adversely affected. This determination, to be made by the Planning Board, shall be made by considering the following aspects of the surrounding area:
 - 1) Architectural design determined through analysis of the following:
 - Roof pitches;
 - Siding types;
 - Proportional aspects of façades, building locations on lots;

If buffering is provided so as to provide an opaque shielding to abutting properties and the external road network the architectural design requirements may be waived by the Planning Board.

- 2) Transportation, determined through analysis of the following:
 - Access for safety vehicles onto the site, within the site;
 - Capacity of nearby and affected intersections, and transportation corridors;

- Layout, width, and construction of access ways and parking lots on the site.
 - Pedestrian amenities, such as walkways and sidewalks.
 - Provisions for alternative transportation modes.
- 3) Protection of natural resources, determined through analysis of the following:
- Protection of environmentally sensitive areas, including but not limited to, wetlands, shoreland buffers, wildlife corridors, significant groundwater resources, etc.;
 - Maintenance of viewsheds and other visually appealing aspects of the site;
 - Provisions for prevention of non-point source pollution.
- 4) Protection of cultural resources, determined through analysis of the following:
- Establishment of new and protecting existing trailways for travel;
 - Protection of historic buildings or significant historical landscapes;
 - Establishment, protection, and promotion for agricultural uses of the site.
- d) Granting the permit will not result in undue municipal expense.
- e) That the general welfare of the Town will be protected.
- f) Landscaping or other appropriate buffers of sufficient opacity and materials shall be required for the welfare of neighboring properties and/or the Town.

21.5 APPLICATION PROCEDURE

- 21.5.1** Applications for conditional use permits for a Corporate Campus development shall be made in accordance with the procedures set forth in the relevant sections of the Site Plan Regulations of the Stratham Planning Board.
- 21.5.2** Approval of Applications. Prior to issuance of a building permit, the applicant shall acquire a conditional use permit as well as any other necessary Planning Board approval. A conditional use permit shall be issued only if a Corporate Campus development complies with all of the requirements of this Ordinance. The conditional use permit is meant to provide flexibility, minimize adverse impacts, and allow the Board to participate jointly with the applicant to prepare a development that is consistent with this Ordinance, Regulations, and the Master Plan for the Town of Stratham.

21.5.3 General. The Corporate Campus development provisions of this Ordinance provide applicants with an alternative development approach intended to promote flexibility and innovation in land planning. Within this context, the Ordinances that are established are intended to be a minimum consideration of allowable impacts. Each tract of land possesses different, unique development characteristics and limitations, and the Corporate Campus development use allowed on any particular tract will be a function of innovative land planning and site plan design interacting with the special characteristics and limitations of the site.

Strict adherence to these provisions shall not be construed as establishing a legal right to a conditional use permit for a Corporate Campus development. Those who wish to pursue their “development rights” to a certain use or development of land should consider developing their land with the permitted, conventional site plan approaches in the appropriate zoning districts, or through the variance procedure as provided for by New Hampshire law.

The Planning Board does not have the right to require an applicant to apply under the Corporate Campus Conditional Use Permit process for a project in a zoning district where the use proposed is a permitted one. The decision to undertake a development under the requirements of this section is solely the decision of the applicant.

21.6 GENERAL REQUIREMENTS

21.6.1 Dimensional Requirements

Lot Size. The minimum lot size for a Corporate Campus development shall be fifteen (15) acres.

Frontage. The minimum frontage for the development shall be a contiguous 80 feet.

Setbacks. The following setbacks shall apply within the development:

1. Setbacks for all structures shall be 100 feet from the side and rear property lines.
2. Setbacks for all structures shall be 150 feet from the front property line.
3. There shall be an open-space setback of 50 feet from all property lines.
4. A 60-foot structural separation shall exist between all structures in the development.

Height. The maximum height of any structure shall be 35 feet.

21.6.2 Buffers.

The 50-foot open-space buffer shall provide a visual and otherwise protective vegetative buffer utilizing existing vegetation and landscaping to the maximum extent feasible, and where appropriate, fabricated materials (e.g. berms and fences). Such buffers shall provide, in all seasons, an opaque screening at the discretion of the Planning Board. The buffer may contain structures that are compatible with the maintenance of a vegetative cover (e.g. leach fields, drainage areas, etc.).

The Planning Board may, at its discretion, require the applicant to preserve and buffer other manmade or natural features that may have environmental, historical, educational, or agricultural significance. Existing buildings that are deemed to exhibit any of the aforementioned qualities shall be encouraged to be used and do not need to satisfy buffer requirements.

- 21.6.3 Open Space.** The parcel must contain a minimum of 50% of the total land in the parcel dedicated as open space. Fifty percent (50%) of the open space required shall be contiguous in nature. Additionally, fifty percent (50%) of the total land in the parcel dedicated as open space must consist of upland soils.

Such land shall be preserved in perpetuity through deed restriction or conservation easement, and designated on the approved and recorded plat. Such restriction shall be approved by the Planning Board and Town Counsel.

The minimum required open space is land unbuilt upon, which must be permanently kept in that condition, and can be subjected to current use taxation or discretionary easements.

The maximum building cover per lot shall be 35%.

21.7 ADDITIONAL REQUIREMENTS

- 21.7.1 Utilities.** All utilities serving the development shall be underground. The Planning Board may waive the requirement for underground utilities along lengthy entrance roads that are visually separated from housing units.
- 21.7.2 Signs.** The maximum height for any sign in this district shall be 10 feet. No sign shall be internally lit and/or projecting in nature. Only one sign shall be allowed to be located within the 50-foot front open space setback. This sign shall not exceed 24 square feet in size. Signs internal to the development shall be limited to 24 square feet in size.
- 21.7.3 Parking.** Parking requirements for developments within the Corporate Campus District shall conform to the standards stipulated in Section VI of this Ordinance.

21.8 EXPIRATION

Any Conditional Use Permit shall expire if active and substantial development or building has not begun on the site by the owner or the owner's successor in interest in accordance with the approved plat within 12 months after the date of approval. As part of its approval of a plat or plan, the Planning Board may, with due regard to the scope and details of a particular project, specify the threshold level of work which shall constitute "active and substantial development or building" for purposes of fulfilling this paragraph. In such cases, a new application for a Conditional Use Permit must be completed.

21.9 CONDITIONS

- 21.9.1 The Planning Board may impose higher standards than allowed by this Section when they determine that because of special site and land conditions, an adverse impact would be created by allowing development to be built to the standards delineated in this Section.

Conflicting Provisions. In the event that the provisions of the Corporate Campus District are found to conflict with other provisions of the Stratham Zoning Ordinance, the more restrictive shall apply.

The Planning Board recommends this article.

ARTICLE 6 -- To modify SECTION XVII (BOARD OF ADJUSTMENT) to read as follows:

- 17.8.1 Administrative Appeals. The Board shall hear and decide appeals from the decisions or orders of the Building Inspector and/or Code Enforcement Officer concerning administration or enforcement of this Ordinance. Applications for appeal *of a decision of the Planning Board* must be filed within thirty (30) days from the issuance of the decision ~~or order~~. *Applications for appeal of an order from the Building Inspector and/or Code Enforcement Officer must be filed within seven (7) days of the order.*

The Planning Board recommends this article.

ARTICLE 7 - To modify SECTION XVII (BOARD OF ADJUSTMENT) to read as follows:

- 17.8.3 Variances.
- 5) Granting the variance would ~~be of benefit~~ **not be contrary** to the public interest.

The Planning Board recommends this article.

ARTICLE 8 – To modify Section IX Mobile Homes by removing Section 9.7 Unit Layout whereas mobile home parks are not permitted for Cluster development under Section VIII of the Zoning Ordinance.

The Planning Board recommends this article.

ARTICLE 9 – To modify Section 15.4 GROWTH MANAGEMENT AND INNOVATIVE LAND USE CONTROL to clarify the discretion of the Planning Board relative to school capacity. (~~Strikethrough~~ language to be removed.)

15.4 INDICATORS OF GROWTH IMPACT

The Town hereby determines that the presence of the following conditions constitutes an indicator of growth impact. An indicator of growth impact occurs when:

- (c) The number of students enrolled or projected for the coming year for any public school in the Stratham School System exceeds 85 percent of its stated capacity. ~~as defined by the Stratham School Board.~~
- (f) The number of public students enrolled or projected for the coming year for each school in the Stratham School System exceeds 100 percent of its stated capacity. ~~as defined by the Stratham School Board.~~

The Planning Board recommends this article.

ARTICLE 10 – To amend Section XVIII FLOODPLAIN MANAGEMENT DISTRICT to address requirements of the Federal Emergency Management Agency (FEMA) and the New Hampshire Office of State Planning.

To amend the following section to read (added language ***bolded-italicized***, removed language ~~strikethrough~~)

SECTION XVIII
FLOODPLAIN MANAGEMENT DISTRICT
(Enacted 3/89)

This Ordinance, adopted pursuant to the authority of RSA 674:16 shall be known as the Town of Stratham Floodplain Development Ordinance. The Regulations in this Ordinance shall overlay and supplement the Regulations in the Town of Stratham Zoning Ordinance, and shall be considered part of the Zoning Ordinance for purposes of administration and appeals under State law. If any provision of this Ordinance differs or appears to conflict with any provision of the Zoning Ordinance or other Ordinance or Regulation, the provision imposing the greater restriction or more stringent standard shall be controlling.

The following Regulations shall apply to all lands designated as special flood hazard areas by the Federal Emergency Management Agency (FEMA) in its "Flood Insurance Study for the Town of Stratham, NH" together with the associated Flood Insurance Rate Maps, effective date May 17, 1989; ~~and Flood Boundary and Floodway Maps for the Town of Stratham~~, which are declared to be a part of this Ordinance.

{DEFINITION SECTION WILL NEED TO BE RENUMBERED}

18.1 DEFINITIONS

~~18.1.1 Area of Shallow Flooding means a designated AO or AH zone on a community's Flood Insurance Rate Map (FIRM) with a one percent or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.~~

- 18.1.2 Area of Special Flood Hazard is the land in the floodplain within a ~~community~~ **Stratham** subject to a one percent or greater chance of flooding in any given year. The area may be designated **on the FIRM as zones A and AE**. ~~as Zone A on the FHBM. After detailed rate-making has been completed in preparation for publication of the FIRM, Zone A usually is refined into Zones A, AO, AH, A1-30, AE, A99, VO, or V1-30, VE or V.~~
- 18.1.3 Base Flood means the flood having a one percent chance of being equaled or exceeded in any given year.
- 18.1.4 Basement means any area of the building having its floor subgrade (below ground level) on all sides.
- 18.1.5 Breakaway Wall means a wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces without causing damage to the elevated portion of the building or supporting foundation.
- 18.1.6 Building (see Structure, Section 18.1.27).
- 18.1.7 Building Inspector means the Town Building Inspector or his agent.
- 18.1.8 Development means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.
- 18.1.9 FEMA means the Federal Emergency Management Agency.**
- 18.1.9 Flood or Flooding means a general and temporary condition of partial or complete inundation of normally dry land areas from:
- (a) The overflow of inland or tidal water.
 - (b) The unusual and rapid accumulation or runoff of surface waters from any source.
- ~~18.1.10 Flood Boundary and Floodway Map (FLOODWAY) is an official map of the community, on which the Federal Emergency Management Agency has delineated the "Regulatory Floodway". This map should not be used to determine the correct flood hazard zone or base flood elevation; the Flood Insurance Rate Map (FIRM) will be used to make determinations of flood hazard zones and base flood elevations.~~
- 18.1.11 Flood Elevation Study means an examination, evaluation, and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.

~~18.1.12 Flood Hazard Boundary Map (FHBM) means an official map of a community issued by the Federal Emergency Management Agency, where the boundaries of the flood, mudslide (i.e., mudflow) related erosion areas having special hazards have been designated as Zones A, M, and/or E.~~

18.1.13 Flood Insurance Rate Map (FIRM) means an official map of a community, on which FEMA has delineated both the special flood hazard areas and the risk premium zones applicable to the community.

18.1.14 Flood Insurance Study (see Flood Elevation Study, Section 18.1.11).

18.1.15 Floodplain or Flood-Prone Area means any land area susceptible to being inundated by water from any source. See definition of Flooding (18.1.9).

18.1.16 Floodproofing means any combination of structural and non-structural additions, changes or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

18.1.17 Floodway see Regulatory Floodway (18.1.24).

18.1.18 *“Functional dependent use” means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking and port facilities that are necessary for the loading/unloading of cargo or passengers, and ship building/repair facilities but does not include long-term storage or related manufacturing facilities.*

18.1.19 Highest Adjacent Grade means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

18.1.20 *“Historic Structure” means an structure that is:*

- (a) Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;*
- (b) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;*
- (c) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior, or;*
- (d) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:*

- 1) *By an approved State program as determined by the Secretary of the Interior, or*
- 2) *Directly by the Secretary of the Interior in states without approved programs.*

- 18.1.19 Lowest Floor means the lowest floor of the lowest enclosed areas (including basement). An unfinished or flood resistant enclosure, useable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided, that such enclosure is not built so as to render the structure in violation of the applicable ~~non-evaluation~~ **non-elevation** design requirements of this Ordinance.
- 18.1.20 Manufactured Home means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For floodplain management purposes, the term "manufactured home" also includes park trailers, travel trailers, and other similar vehicles placed on a site for greater than 180 consecutive days. ~~For insurance purposes, the term "manufactured home" does not include park trailers, travel trailers, and other similar vehicles.~~
- 18.1.21 Mean Sea Level means, for purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's Flood Insurance Rate Map are referenced.
- 18.1.22 100-Year Flood (see Base Flood, Section 18.1.3).
- 18.1.23 Recreational vehicle means a vehicle which is (i) built on a single chassis, (ii) 400 square feet or less when measured at the largest horizontal projection; (iii) designed to be self propelled or permanently towable by a light duty truck; and (iv) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal uses. **(Rev. 3/94)**
- 18.1.24 Regulatory Floodway means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot at any point. These areas are designated as floodways on the Flood Boundary and Floodway Maps.
- 18.1.25 Riverine means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc.
- 18.1.26 Special Flood Hazard Area means an area having special flood, mudslide (i.e., mudflow) and/or flood-related erosion hazards and shown on ~~the an FHBM or FIRM as Zone A, AO, AH, A1-30, AE, A99, VO, V1-30, VE, V, M, or E.~~ See Area of Special Flood Hazard (18.1.2).

- 18.1.27 Start of Construction includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure.
- 18.1.28 Structure means for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank that is principally above ground, as well as a manufactured home.
- 18.1.29 ***“Substantial Damage” means damage or any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.***
- 18.1.29 Substantial Improvement means any combination of repairs, reconstruction, alteration, or improvements to a structure in which the cumulative cost equals or exceeds fifty percent of the market value of the structure. The market value of the structure should be:
- (a) the appraised value of the structure prior to the start of the initial repair or improvement, or
 - (b) in the case of damage, the value of the structure prior to the damage occurring. For purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. ***This term includes structures which have incurred substantial damage, regardless of actual repair work performed.*** The term does not, however, include any project for improvement of a structure required to comply with existing health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a structure listed on the National Register of Historic Places, ***provided that the alteration will not preclude the structure’s continued designation as a ‘historic structure’.***
- 18.1.30 Water Surface Elevation means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, (or other datum, where specified) of floods of various magnitudes and frequencies in the floodplains of coastal or riverine areas.

18.2 PERMIT APPLICATION

All proposed development in any special flood hazard areas shall require a Flood Hazard Development Permit. Applications for the Permit shall include the following: general information, site plan, surveyor's certification, building plans, certified floodproofing methods for non-residential structures, etc. Applications for the Permit can be obtained from the Town Office. A fee of \$10.00 shall be charged for each permit, payable to the Building Inspector.

18.3 DESIGN CRITERIA

The Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a flood-prone area, all new construction and substantial improvements shall:

- (a) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy,
- (b) be constructed with materials resistant to flood damage,
- (c) be constructed by methods and practices that minimize flood damage, and
- (d) be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

18.4 SEWER DESIGN

Where new and replacement water sewer systems (including on-site systems) are proposed in flood-prone areas, the applicant shall provide the Building Inspector with assurance that new and replacement sanitary sewage systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems will be located to avoid impairment to them or contamination from them during periods of flooding.

18.5 RECORD OF CONSTRUCTION

The Building Inspector shall maintain for public inspection, and furnish upon request, any certification of floodproofing and the as-built elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement. If the structure has been floodproofed, the as-built elevation (in relation to mean sea level) to which the structure was floodproofed. This information must be furnished by the applicant.

18.6 STATE AND FEDERAL PERMITS

The Building Inspector shall review proposed developments to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334. It shall be the responsibility of the applicant to certify these assurances to the Building Inspector.

18.7 WATERCOURSES

- 18.7.1 In riverine situations, prior to the alteration or relocation of a watercourse, the applicant for such authorization shall notify the Wetlands Board of the New Hampshire Environmental Services Department and submit copies of such notification to the Building Inspector. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Building Inspector.
- 18.7.2 Within the altered or relocated portion of any watercourse, the applicant shall submit to the Building Inspector, certification provided by a registered professional engineer assuring that the flood carrying capacity of the watercourse has been maintained.
- 18.7.3 Along watercourses that have a designated Regulatory Floodway, no encroachments, including fill, new construction, substantial improvements, and other development are allowed within the designated Regulatory Floodway that would result in any increase in flood levels within the community during the base flood discharge. In Zone A, the Building Inspector shall obtain, review, and reasonably utilize any floodway data available from a Federal, State, or other source as criteria for requiring that development meet the floodway requirements of this section.
- 18.7.4 Along watercourses that have not had a Regulatory Floodway designated, no new construction, substantial improvements or other development (including fill) shall be permitted within Zones A1-30 and AE on the FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

18.8 DISTRICT BOUNDARIES AND DESIGN

- 18.8.1 In special flood hazard areas, the Building Inspector shall determine the 100-year flood elevations. The Building Inspector may require a registered New Hampshire surveyor to delineate the 100-year flood zone, certified in writing. Flood elevations shall be determined in the following order of precedence according to the data available:
 - (a) In Zones ~~A1-30~~, AE, ~~AH~~, ~~V1-30~~, and ~~VE~~, refer to the elevation provided in the community's Flood Insurance Study and accompanying FIRM or FHBM.
 - (b) In unnumbered A zones, the Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from Federal, State, development proposals submitted to the community (example: subdivisions, site approvals, etc.) or other source.

- ~~(c) In Zone AO, the 100-year flood elevation is determined by adding the elevation of the highest adjacent grade to the depth number specified on the FIRM or if no depth number is specified on the FIRM at least two feet.~~

18.8.2 The Building Inspector's 100-year flood elevation determination will be used as criteria for requiring in Zones ~~A1-30~~, AE, ~~AH~~, AO and A that:

- (a) All new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the 100-year flood elevation;
- (b) That all new construction and substantial improvements of non-residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level; or together with attendant utility and sanitary facilities shall:
 - 1. be floodproofed so that below the 100-year flood elevation the structure is watertight with the walls substantially impermeable to the passage of water;
 - 2. have structural components capable of resisting hydrodynamic and hydrostatic loads and the effects of buoyancy; and
 - 3. be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions of this section;
- (c) All manufactured homes to be placed or substantially improved within special flood hazard areas shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above the base flood level; and be securely anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable State and local anchoring requirements for resisting wind forces;
- (d) For all new construction and substantial improvements, fully enclosed areas below the lowest floor that are subject to flooding are permitted providing the enclosed areas meet the following requirements:
 - 1. The enclosed area is unfinished or flood resistant, useable solely for parking of vehicles, building access or storage;
 - 2. The area is not a basement;
 - 3. The area shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters.

Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: a minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.

~~(e) Proposed structures to be located on slopes in Special Flood Hazard Areas, Zones AH and AO, shall include adequate drainage paths to guide floodwaters around and away from the proposed structures.~~

(e) All recreational vehicles placed on sites within Zone AE shall either:

(i) be on the site for fewer than 180 consecutive days;

(ii) be fully licensed and ready for highway use; or

(iii) meet all standards of Section 60.3 (b) (1) of the National Flood Insurance Program Regulations and the elevation and anchoring requirements for "manufactured homes" in paragraph (c) of Section 18.8.2.

18.9 STANDARDS FOR COASTAL AREAS

~~18.9.1 All new construction or substantial improvements are to be elevated on pilings and columns so that:~~

~~(a) The bottom of the lowest horizontal structural member of the lowest floor (excluding the pilings or columns) is elevated to or above the base flood level;~~

~~(b) The pile or column foundation and structure attached thereto is anchored to resist floatation, collapse, and lateral movement due to the effects of wind and water loads acting simultaneously on all building components. Wind and water loading values shall each have a one percent chance of being equaled or exceeded in any given year (100 year mean recurrence interval).~~

~~A registered professional engineer or architect shall develop or review the structural design, specifications and plans for construction, and shall certify that the design and methods of construction to be used are in accordance with accepted standards practice for meeting the provisions of this item.~~

~~18.9.2 The Building Inspector will obtain and maintain records of new construction or substantial improvements indicating the elevation of the bottom of the lowest horizontal structural member of the lowest floor (excluding pilings and columns) in relation to mean sea level and whether or not such structures contain a basement.~~

- ~~18.9.3 The space below the lowest floor must be free of obstruction or constructed with non-supporting breakaway walls, open latticework, or insect screening intended to collapse under wind and water loads without causing collapse, displacement, or other structural damage to the elevated portion of the building or supporting foundation system. For the purposes of this section, a breakaway wall shall have a design safe loading resistance of not less than 10 nor more than 20 pounds per square foot. Such enclosed space shall be useable solely for the parking of vehicles, building access, or storage.~~
- ~~18.9.4 The use of fill for the structural support of buildings is prohibited.~~
- ~~18.9.5 All new construction or substantial improvements within Zones V1-30, VE, and V on the FIRM shall be located landward of the reach of mean high tide.~~

18.9 VARIANCES AND APPEALS

- A. Any order, requirement, decision or determination of the Building Inspector made under this Ordinance may be appealed to the Zoning Board of Adjustment as set forth in NHRSA §676:5.*
- B. If the applicant, upon appeal, requests a variance as authorized by NHRSA §674:33, I (b), the applicant shall have the burden of showing in addition to the usual variance standards under State law:*
- 1. that the variance will not result in increased flood heights, additional threats to public safety, or extraordinary public expense;*
 - 2. that if the proposed variance is for activity within a designated regulatory floodway, no increase in flood levels during the base flood discharge will result; and*
 - 3. that the variance is the minimum necessary, considering the flood hazard, to afford relief.*
- C. The Zoning Board of Adjustment shall notify the applicant in writing that: (1) the issuance of a variance to construct below the base flood level will result in increased premium rates for flood insurance up to amounts as high as \$25 for \$100 of insurance coverage, and (2) such construction below the base flood level increases risks to life and property. Such notification shall be maintained with a record of all variance actions.*
- D. The Town of Stratham shall (1) maintain a record of all variance actions, including their justification for their issuance, and (2) report such variances issued in its annual or biennial report submitted to FEMA's Federal Insurance Administrator.*

The Planning Board recommends this article.

ARTICLE 11—To amend Section 12 (Shoreland Protection District) by adding the following language as follows:

12.7 CONDITIONAL USES

12.7.1 A Conditional Use Permit may be granted by the Planning Board (RSA 674:21 II) for the construction of roads and other access ways, and for pipelines, power lines, and other transmission lines provided that all of the following conditions are found to exist;

- (a) The proposed construction is essential to the productive use of land not within the Shoreland Protection District.
- (b) Design and construction methods will be such as to minimize detrimental impact upon the Shoreland Protection District.
- (c) The proposed construction design of power lines, pipelines or other transmission lines includes provisions for restoration of the site as nearly as possible to its original grade and condition.
- (d) No alternative route which does not cross a Shoreland Protection District or has less detrimental impact on the Shoreland Protection District is feasible.
- (e) Economic advantage alone is not reason for proposed construction.

12.7.2 Prior to the granting of a Conditional Use Permit under this Section, the applicant shall agree to submit a performance security to the Board of Selectmen. The Security shall be submitted in a form and amount, with surety and conditions satisfactory to the Selectmen and approved by Town Counsel to ensure that the construction has been carried out in accordance with the approved design. The Security shall be submitted and approved prior to issuance of any permit authorizing construction.

12.7.3 The Planning Board may require the applicant to submit an environmental impact assessment when necessary to evaluate an application made under this Section. The cost of this assessment shall be borne by the applicant. The Planning Board may also assess the applicant reasonable fees to cover the costs of other special investigative studies and for the review of documents required by particular applications.

The Planning Board recommends this article.

ARTICLE 12 – To amend Section 4.2 Table of Dimensional Requirements to modify the open space setbacks for development. (added language ***bolded-italicized***, removed language ~~strikethrough~~)

4.2 TABLE OF DIMENSIONAL REQUIREMENTS

	Front Open Space Setback	Side/Rear Open Space Setback
Residential/ ^{b,h} Agricultural	NA	NA
Manufact. Hous/ ⁱ Mobile Home	NA	NA
Profess/Res. ^c (1) ^g (2) ^g	30 35' min/50' avg.	20 25' min/30' avg
Town Ctr ^c	30 35' min/50' avg.	25' 35' min. /40' avg.

CLIO	See 4.3(j) Explanatory notes	
Industrial ^c	25' min/50' avg.	25' min.
Retirement Planned Comm. ^k	40' min	40' min

The Planning Board recommends this article.

ARTICLE 13 – Are you in favor of the adoption of the Petition proposed by Karen Horsman and 25 or more registered voters of the Town of Stratham to amend the Town of Stratham Zoning Ordinance to increase the minimum lot size requirements for the Residential/Agricultural (R/A) District as follows:

- Amend Section 4.2 Table of Dimensional Requirements to increase the minimum lot area requirement for the R/A District from 1 acre to 2 acres; and
- Amend Section 4.2 Table of Dimensional Requirements to increase the minimum continuous lot frontage requirement for the R/A District from 150 feet to 200 feet; and
- Amend Section 4.3 (d) by adding the following sentence: “In the R/A District a duplex house on a single lot shall have a minimum lot area of 3 acres and a minimum continuous frontage of 200 feet.

The Planning Board does not recommend this article.

ARTICLE 14 – Are you in favor of the adoption of the Petition proposed by David E. Schricker and 25 or more registered voters of the Town of Stratham to amend the Town of Stratham Zoning Ordinance to limit the size of retail establishments in the Commercial/Light Industrial/Office (CLIO) District by amending Section 3.6 Table of Uses by footnoting “retail sales/service” in the CLIO District column and by adding the following corresponding footnote at the end of the Table of Uses:

In the CLIO District, in order to discourage commercial sprawl and its adverse traffic and environmental impacts and to encourage commercial development in harmony with the Town of Stratham, no establishment which has a principal use of retail sales shall have a gross floor area greater than 50,000 square feet.

The Planning Board does not recommend this article.

ARTICLE 15 – Are you in favor of the adoption of the Petition proposed by Karen Horsman and 25 or more registered voters of the Town of Stratham to amend the Town of Stratham Zoning Ordinance to limit the size of retail establishments in the General Commercial (GCM) District by amending Section 3.6 Table of Uses by footnoting “retail sales/service” in the GCM District column and by adding the following corresponding footnote at the end of the Table of Uses:

In the GCM District, in order to discourage commercial sprawl and its adverse traffic and environmental impacts and to encourage commercial development in harmony with the character of the Town of Stratham, no establishment which has a principal use of retail sales shall have a gross floor area greater than 65,000 square feet.

The Planning Board does not recommend this article.

THE FOLLOWING ARTICLES WILL BE VOTED ON FRIDAY, MARCH 17, 2000 AT 7:30 P.M. AT THE STRATHAM MUNICIPAL CENTER, 10 BUNKER HILL AVENUE, STRATHAM, N.H.

ARTICLE 16 – To raise such sums of money as may be necessary to defray general town charges for the ensuing year and make appropriations for the same.

The Board of Selectmen recommends this article

ARTICLE 17 – To see if the Town will vote to raise and appropriate the sum of Three Hundred Ninety Five Thousand Five Hundred Fifty Dollars and no cents (\$395,550.00) to implement the Capital Improvements Program for 2000 as presented in the Town Report and approved by the Planning Board. This is a special warrant article which will be non-lapsing until the specific items are completed or obtained but shall in no case be later than five (5) years from this appropriation per NH RSA 32:7 (VI).

The Board of Selectmen recommends this article.

ARTICLE 18 – To see if the Town will vote to send the following resolution to the New Hampshire General Court: “Resolved, New Hampshire’s natural, cultural, and historic resources in this town and throughout the state are worthy of protection and, therefore, the State of New Hampshire should establish and fund a permanent public/private partnership for the voluntary conservation of these important resources.”

The Board of Selectmen recommends this article.

ARTICLE 19 – To see if the Town will vote to adopt the provisions of NH RSA 31:95-c to restrict One Hundred percent (100%) of the revenues derived from the recovery of Fire Department costs associated with emergency services provided to expenditures for the purpose of purchasing emergency medical equipment and supplies and for training of Fire Department personnel. Such revenues and expenditures shall be accounted for in special revenue fund, to be known as the Stratham Fire Department EMS Fund, separate from the general fund. Any surplus in said fund shall not be deemed part of the General Fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue.

The Board of Selectmen recommends this article.

ARTICLE 20 – To see if the Town will vote to authorize the Selectmen to enter into a lease/purchase agreement for the purpose of leasing three (3) new police cruisers for the Police Department and to raise and appropriate the sum of Twenty Seven Thousand Five Hundred Fifty Five Dollars and no cents (\$27,555.00) of which Twenty Four Thousand Eight Hundred Fifty Five Dollars and no cents (\$24,855.00) is the first year's payment for that purpose and Two Thousand Seven Hundred and no cents (\$2,700.00) is for equipping these new police cruisers.

The Board of Selectmen recommends this article.

ARTICLE 21 – Are you in favor of the adoption of the Petition proposed by Caroline Robinson and 27 other registered voters to see if the Town will vote to deposit the total annual receipts collected from the Land Use Change Tax pursuant to NH RSA 79-A into the Stratham Land Conservation Fund in accordance with NH RSA 36-A:5 III and as authorized under the provisions of NH RSA 79-A:25 II.

The Board of Selectmen recommends this article.

ARTICLE 22 – Are you in favor of the adoption of the Petition proposed by Holly J. Packer and 26 other registered voters to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars and no cents (\$2,000.00) to support the health services offered by Seacoast HealthNet to the uninsured, working families who are residents of the Town.

The Board of Selectmen does not recommend this article.

ARTICLE 23 – To see if the Town will vote to authorize the expansion of membership to the Economic Development Committee to include Two (2) alternate members to be appointed by the Board of Selectmen for three (3) year terms as are regular members. Alternate members, when designated by the Committee chair, shall have full voting authority and responsibility to carry out the purposes of the Committee, as established, when a regular member is absent or temporarily disqualified.

The Board of Selectmen recommends this article.

ARTICLE 24 – To see if the Town will vote to allow a one percent (1%) discount on such property taxes as are paid in full within fifteen (15) days from the day the Tax Warrant is committed to the Tax Collector, the date to be printed on the tax bill.

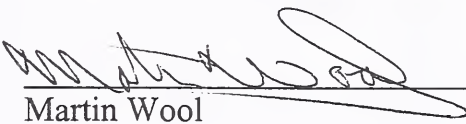

The Board of Selectmen recommends this article.

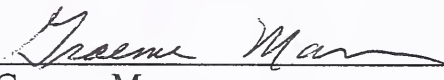

ARTICLE 25 – To transact any other business that may legally come before this meeting.

Given under our hands and seal, this twenty eighth day of February in the year of our Lord two thousand.

Selectmen of Stratham, NH

~ Memorial Day Parade 1999 ~

1999 POLICE REPORT

The police department went through many changes during the year. Lieutenant Carlton Spaulding retired on April 2, 1999. Sergeant Richard Wood was promoted to Lieutenant, Corporal David Pierce was promoted to Sergeant and Corporal Richard Gendron was promoted to Detective. Officer Peter Bakie, who was our DARE officer, decided to return to the private sector. He remains with the department as an On-call officer. However, since he is not a full-time officer a new DARE officer had to be appointed. Officer Tanya Lampi was assigned as the new DARE officer. Officer Lampi completed her training in September and instructed her first class in October. The department continues to have a large turnover of police officers. Low wages is the major reason given when an officer resigns from the Department. Officer John Petrosch left the department in October to take a position with the Exeter Police Department. The following full-time officers were hired during 1999: Officer Charles Law, Officer James Call, Officer Raymond Pardy III and Officer Arthur Verreault. It is unfortunate that the department continues to lose good officers to the private sector or to other departments. A lot of time and effort is spent hiring, equipping and training a police officer. Not only does it leave the department understaffed but also all new officers must go through a training period. A current member of the department in addition to his normal duties must provide this training. It usually takes one year of employment with the department before a new officer becomes fully productive. In an effort to increase staff and to keep the cost to a minimum, the department again applied for a grant under the U. S. Justice Departments Universal Hiring Program in 1999. During the month of March we were notified that the additional grant was approved. In December the officer for that position was hired. The department now is up to full staff with nine full-time and seven part-time officers.

During the year 2000 we will be offering a Citizens Police Academy. All town residences are welcome to sign up to attend this program. We will continue presenting the DARE program to the fifth grade at the Stratham Memorial School, as well as the Officer Phil program to the first and second graders.

I would like to thank the community and businesses of Stratham for their continued support over the past year and look forward to the continuation of that support during the coming year.

Activity Report

Alarm activation's	363	D.W.I arrests	36	Missing persons	9
Assaults	20	Disorderly conduct	34	Motor vehicle accidents	264

Respectfully submitted, Chief Michael J. Daley

CEMETERY COMMITTEE REPORT

The Cemetery Committee is pleased to report on the following actions taken this past year:

- Approximately half of the gravestones in Greenwood Cemetery were pressure washed. The results were outstanding. This is our third year for cleaning gravestones. - We plan to continue cleaning a selected number of gravestones each year with a goal to clean all gravestones in all the cemeteries.
- The large old tree stumps on the right side of Greenwood Cemetery were removed and a 170-foot long chain link fence was erected in their place.
- Shrubs were planted around the flagpole at Maple Lane Cemetery.

Our Plans for 2000:

- Apply lime to all cemetery grounds.
- Pressure wash the remaining gravestones at Greenwood Cemetery.
- Plant additional shrubs to improve the aesthetics of Maple Lane Cemetery.
- Repair or replace the fence between the Church and Harmony Hill Cemetery and at the entrance to Maple Lane Cemetery.

As always, the Stratham Highway Department has done an excellent job in maintaining the cemeteries.

Respectfully submitted,

Lucy Cushman
Ken Lanzillo
Annette White

OFFICE OF EMERGENCY MANAGEMENT

We are pleased that the Stratham Office of Emergency Management enters the 21st Century fully prepared to address a broad spectrum of natural and man-made disasters which maybe visited upon the citizens of Stratham. Whether hurricane, severe winter storm, a transportation incident, or other such incident, the Office of Emergency Management and its dedicated staff of volunteers, together with Stratham's highly capable Fire, Rescue, and Law Enforcement Agencies, form the fabric of the Stratham Emergency Response Team.

As reported during Y2K contingency planning, Stratham is unique and fortunate to have access to substantial sheltering facilities, and has established relationships with other Agencies on a Local, State, and Regional basis so as to assure access to any resource necessary to respond to needs of our citizens in the event of Emergency.

The year 2000 will be another year of intensive training, revaluation, and examination of our Emergency Response Plans by State and Federal Agencies, including the Office of Emergency Management and the Nuclear Regulatory Commission, as well as FEMA. It is this training and revaluation that assures the maintenance of highly responsive and effective emergency response plan.

Respectfully Submitted,

Stephen H. Flink
Director

STRATHAM VOLUNTEER FIRE DEPARTMENT

In 1999 the Volunteer Fire Department had a busy year providing fire and ambulance assistance to neighboring cities and towns, as well as answering an increasing number of local emergency calls. The 1999 call volume was higher than expected totaling 54 more emergency calls than in 1998. Emergency assistance to neighboring towns was consistent with previous years and assistance to local businesses increased.

Several members went through State Certification courses for firefighting and now are enrolled in National Registered EMT courses. These courses are almost four months long, two nights a week and most weekends (Saturday & Sunday). New town residents have joined with and without previous fire and rescue experience, and are contributing to the department. We are always looking for more residents to join, regardless of experience. The Volunteer Fire Department is truly an all Volunteer Department that receives no financial compensation for emergency calls, training, inspections, or classes.

I would like to extend my thanks to the members of the Fire Department, Ladies Auxiliary, and Fair Committee for all of their continued dedication, sacrifice, and hard work. I would also like to thank all of the town groups and departments for their assistance in helping the Fire Department throughout the year. I appreciate the support that the citizens provide, and give a special thanks to the families of the Fire Department members. The members of the Fire Department continue to unfailingly answer the call for their neighbors without reservation and at great personal sacrifice to themselves and especially their families. It is their continued support that allows the Firefighters and EMT's to perform to the caliber that our town, neighbors, and families deserve.

Respectfully Submitted,

Robert Law, Fire Chief

CALLS

• Ambulance	153 – Falls, Cardiac, Stroke, Difficulty Breathing, Other Injuries
• Fire	137 – Bldg. Fires, Smoke, Lightning strikes, Haz-Mat, Sys. Failure, other
• M/Vehicle Accident	65 – In town accidents
• Mutual Aid	43 – Fire or Ambulance call to a neighboring town for assistance
• Alarm Activation	19 – Accidental alarm due to human error
• Public Assist	6 – Flooded basements, Elderly care, Lock out
• Water Rescue/Search	1 – Great Bay area
<u>Total Fire Dept. Calls:</u>	<u>424</u>

Mutual Aid Responses:

		Candia	2	Nottingham	1
		Newington	2	Raymond	1
		Newton	2		

Five members of the SVFD attended the Fall of 1999 NH Firefighters Certification Courses.

Engine #7 is planned for replacement this year.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

The State of New Hampshire had the busiest year in over thirty years in terms of wildland fires, with over 1,300 fires statewide. This past year saw an almost 100 per cent increase in numbers of fires from 1998 with over 450 acres burned across the state. Rockingham County had 218 fires reported, which was the second largest number of fires by county in the state. Almost 95% of these fires were human caused, and all human causes are preventable.

The significant increase in fires was due in part to the extended drying of our vegetation, coupled with a lack of frequent precipitation and very low humidity. A mild winter, early dry spring, and long hot summer certainly complicate fire prevention efforts. The sharp eyes of helpful citizens, and early report of fires to local fire departments helped to keep the number of acres burned to a minimum.

One alarming statistic from this year is that over 35 structures, including suburban homes, were destroyed as a result of wildland fires. This is an incredible increase for this state, and in most cases, such loss was preventable. There are many things that a homeowner can do around the home on a year-round basis to minimize the threat of such damage by outside fires. They are:

1. Always get a written permit from the Forest Fire Warden before kindling a fire outdoors. Observe all of the rules and regulations on the permit before you light your fire.
2. Maintain at least thirty feet of “defensible space” around your home. This would include a well-mowed lawn, fire resistant landscaping, or fire resistant shrubbery.
3. Keep your roof, eaves, and gutters free from leaves and evergreen needles.
4. Keep leaves, yard debris, and stored wood out from under porches and decks.
5. Stack firewood away from the home, not on or under a deck or porch.
6. Do not use charcoal or gas grills on a porch or deck, or under any overhang. Use these appliances in a clear spot in the yard.
7. Permanent outdoor fireplaces should have a clean area of gravel or sand around them, with no overhanging branches within ten feet.
8. Make sure any fire your have outdoors is out cold before you leave it.

To aid your Forest Fire Warden, Fire Department, and State Forest Ranger, contact your local Warden or Fire Department before doing ANY outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

The Town of Stratham has a very good, conscientious Forest Fire Warden and that is your Fire Chief, Robert Law. He also has numerous Deputy Wardens who can assist in matters relative to the control and prevention of wildland fires. All of these personnel are involved with the fire department, and have the utmost interest in preventing fires not only in your home, but around it as well. The proper and safe practice of outdoor burning will go a long way to reducing the number of acres and homes lost due to wildland fires. All fire personnel statewide would much rather help a citizen beforehand than to respond to a problem after the fact. Please help our community and the state remain fire safe by observing all rules and precautions about fires.

1999 FIRE STATISTICS

(All Fires Reported thru December 10, 1999)

TOTALS BY COUNTY

	<u>Numbers</u>	<u>Acres</u>

CODE ENFORCEMENT OFFICER/BUILDING INSPECTOR'S REPORT

The Office of the Building Inspector and Code Enforcement Officer has been very busy again this year. At the end of November, Linda and I moved across the hall into the Planning Board hearing room while the old space we were in was being renovated. The renovations were completed in mid-January, and we moved back. The new office space is very nice. We wish to thank everyone involved in the project, especially the taxpayers.

While we had some new commercial building permits (Lindt & Sprungli - Quality Control Lab, and J.H. Realty Trust – two storage buildings), most of the commercial permits were for internal fit up (Talbots and Exeter Hospital – 2 units in the Millbrook Office Park). We had a large increase in new house permits--67 single family and 1 duplex for a total of 69 housing units this past year, compared to 49 in 1998. The number of voters at the Primary on February 1, 2000 really shows how the Town has grown.

ACTIVITY REPORT	99	98
Single family dwelling	67	47
Multi family dwellings/duplex	*1	1
Garages, sheds, barns	34	31
Addition/Remodeling	86	81
New Commercial Buildings	2	2
Commercial renovations	14	15
Mobile Homes	1	1
Pools/fences	22	22
Signs	21	20
Demolition Permits	2	6
Electrical, Plumbing, HVAC	17	0
Docks on River	2	0
Permits not picked up	3	0
Total	273	226

*Note: Duplex counts as 2 living units

If I can be of any help to anyone, I keep office hours between 9:00 a.m. and Noon, Monday thru Friday.

Respectfully submitted,

Terry Barnes, Code Enforcement/Building Inspector
Linda A. Beaudoin, Secretary

STRATHAM PLANNING BOARD

The Stratham Planning Board continues its schedule of twice monthly for regularly scheduled meetings, on the first and third Wednesdays of each month. In years past the Planning Board has traditionally held work session meetings on the first Wednesday, and scheduled public hearings for the third Wednesday. In 1999, business as usual was turned up a notch and the Board recognized that it was more efficient to hold public hearings on both meeting nights.

The Planning Board expects the year 2000 to continue the busy trend of development. The Board will continue its participation in "Circuit Rider" services offered by the Rockingham Planning Commission for professional planning services. This year the Board has again received grant monies to supplement this contract in order to increase planning assistance. Under the Circuit Rider Program, Stratham was provided professional staff support at its bi-monthly meetings; two days of monthly on-site assistance to the Planning Board; reviews of development proposals; and general technical assistance to the Planning Board. Office hours for Circuit Rider assistance are at the Town Office in the morning of the first and third Tuesdays of each month. Appointments can be made by calling the Town Office at 772-7391.

In last year's Town Report I encouraged the citizens of Stratham to become more involved in planning Stratham's future. While the increased involvement of many concerned citizens and various groups may not have been directly linked to my comments, I would like to extend my thanks to everyone associated with the Planning Board for their continued hard work and support throughout the year. The increased attendance and participation at Planning Board meetings in 1999 was welcomed and appreciated. I would encourage citizens of Stratham to continue to be involved in planning for Stratham's future.

In 1999 the Planning Board worked closely with many applicants on a number of subdivisions, including a recent application which applied under the new "cluster ordinance." The Board also worked with several applicants for commercial site plan development. The Board worked hard to act fairly toward all applicants it met with and continues to treat each applicant in a fair and equal manner, no matter the size or scope of the development. The Board will continue to work with applicants toward guiding growth for the future of Stratham.

Respectfully submitted,

John Hutton III, Chairman
Stratham Planning Board

CONSERVATION COMMISSION

The Stratham Conservation Commission increased its efforts in 1999 to pursue land conservation and acquisition, which is in keeping with the goals and recommendations of the recently approved Master Plan.

The Commission worked closely with the Planning Board, the State Department of Environmental Services, and developers to reduce wetlands impacts and to encourage conservation easements and/or land donations to help preserve open space. The Commission reviewed site plans, participated in site walks, and made recommendations to these other entities. These activities helped the Town to defeat an attempt by Wal-Mart to build a large facility in the ecologically sensitive shoreline protection district.

Several parcels of land with the potential for conservation became available for purchase during the year. The Commission worked closely with landowners, the Trust for Public Land and the Rockingham Planning Commission to determine which projects would produce the most benefit for the cost. The Commission decided to pursue purchasing a portion of the Mill Valley Farm property. This property is of interest for conservation since it contains a 3-acre pond and land that is both forested and farmed. The pond is identified by the Master Plan as one of the eight "significant" water bodies within Stratham.

The Commission also made community education one of its top priorities during the year. From the informational display at the Stratham Fair, to public hearings, to providing land preservation seminars, to talking individually with various landowners about the benefits of preserving family land, the Commission has attempted to increase residents' knowledge about land conservation issues.

The Commission will be recommending approval of two articles in the upcoming annual meeting. One article would support the establishment of a State fund for a permanent public/private partnership for the conservation of the State's natural cultural and historic resources. The other would recommend the transfer of annual receipts from the Land Use Change Tax into the Stratham Land Conservation Fund instead of going into the General Fund. This fund would be used for acquisition and managing open space, undeveloped land, water areas in order to protect natural resources and the rural character of the Town.

Residents are encouraged to contact any Commission member if they have questions about these efforts. Residents are also invited attend the Conservation Commission meetings which are held on the second and fourth Wednesdays of every month at the Town offices at 7:30 p.m.

Respectfully submitted,

Gordon Barker, Chairman

ECONOMIC DEVELOPMENT COMMITTEE

Early in the year the Committee participated in a process to prepare project proposals to improve the traffic flow along Route 108. This effort resulted in the inclusion of two projects in the Seacoast MPO planning recommendations for NHDOT's Revised Ten Year Plan. The first project calls for the installation of a traffic signal at the intersection of Bunker Hill and Portsmouth Avenues. The second proposes to coordinate the traffic lights between the Route 101 interchange and the Market Basket shopping mall.

The Committee sponsored two Business Roundtable meetings in the hope of stimulating interest in forming a local business association. The first one, held June 9, 1999, featured George Bald, Commissioner of the NH Department of Resources and Economic Development (DRED), who spoke on the resources and programs of his department for New Hampshire businesses, and Bob Yergeau, who discussed the mutual benefits of a business association to the community and member businesses. The second Roundtable, held on December 1, 1999, addressed the topic of Workforce Development. Principal speakers at this meeting were: Tom Wisbey, Deputy Commissioner of Education, and Cynthia Giguere, Regional Director, NHCTC, Center for Training and Business Development.

An ongoing project of the Committee is the creation of a low maintenance Internet website and a corresponding brochure on Stratham. The purpose of the website and brochure is to attract companies considering a relocation to the Seacoast area. Although Town funding will be required for its creation, it is intended that private funding will be sufficient for the website's operating and maintenance costs in the future. A grant from DRED will be pursued for the development costs.

The Committee's most significant undertaking in 1999 was the development of a Corporate Campus Overlay zoning proposal. This proposal seeks to increase the land area available in Stratham for the location of a corporate office complex. The primary objective of having such an office complex is to stabilize property tax rates, which are expected to rise as residential construction continues to increase throughout our community. Other important objectives of the proposal are to maximize the preservation of open space and to preserve the rural character of the Town. For these reasons, the provisions of the Corporate Campus Overlay zoning proposal are highly restrictive and, in all cases, subject to a Conditional Use Permit by the Planning Board. It is the hope of the Committee that this proposal will meet voter approval by ballot in March. If approved by the voters, Stratham will be one of the first communities in New Hampshire to have this form of overlay zoning.

With the valuable assistance of many people, the Committee has enjoyed a productive year. We wish to express our sincere appreciation to all those who have helped us along the way.

Stella Scamman, Chair

Felix McGuigan

STRATHAM HILL PARK ASSOCIATION

This year you may have noticed a small blocked building near the top of the Tower. The NH State Police have erected this building to store radio equipment. An antenna was installed in the Tower to help relay radio frequencies throughout the area. This will also be used by the Town to eliminate some of the dead radio space.

Two memorial granite benches were kindly donated to the Park. These benches are located on top of the hill for everyone's enjoyment.

The Park Association meets on the fourth Monday of the odd month, at 8:30 p.m. in the Selectmen's meeting room. Everyone is invited to attend.

Thank you,

Gordon L. Barker, President
Stratham Hill Park Association

WIGGIN MEMORIAL LIBRARY

As we move into the year 2000, we are all taking time to both reflect on where we have been and to envision where we are headed. The Wiggin Memorial Library has a proud and lively heritage. We have grown and changed along with the town, consistently providing materials and services to meet the needs of Stratham residents. Children have attended story times (641 children this year!), then participated in the Summer Reading Program (919 children in 1999), moved on to high school and college research and finally returned as adults for recreational reading and information requests. Each new medium has been embraced and offered for your use, enjoyment, and education. Even now, we prepare to add DVD's to our collection.

We celebrate all of these successes, but also understand that the only certainty is change and we must continue to adapt our services. There is much talk in this information age predicting the end of books and libraries as computers continue to become more available. Librarians are excited about the technological tools that help us do our jobs more efficiently, but we also know that a computer screen could never replace the intimate moment of a mother reading to her child. In addition, computers certainly do not allow for the community spirit fostered when neighbors meet in a congenial spot. Moreover, we all sometimes feel overwhelmed by the immense amounts of data that technology has made available; Librarians, skilled organizers and interpreters of information, are uniquely well prepared to be a human interface between the raw data of the virtual world and the information needs of the populace. Let us also not forget that many people in our society still do not have access to technology in their homes. The public library serves as an equalizer, offering open access to information to everyone.

We are excited about what the future holds for Stratham and about our role as a community center, a lifelong learning institution, and a vital part of the quality of life for all Stratham residents. We hope that you will continue to participate in the partnership we have established; telling us what you would like added to the collection, what programs and services will interest you and your other ideas and visions for the community and the library. Our physical and virtual collection continues to grow and we would like to invite everyone to enjoy it. More than 75% of Stratham's population are registered as library users; if you are not a library user, stop by and find out what you have been missing. On average, 112 people visit the library each day to check out books, audio books, videocassettes, magazines or music CDs, read local and national newspapers, enjoy a cup of coffee or a chat with a neighbor, attend story times with their child or do research on personal or academic topics. We are happy to see everyone at the library, and we are looking forward to seeing you in the year 2000!

Respectfully submitted,

Lesley K. Gaudreau
Library Director

Beatle Juice Concert

~ Stratham Hill Park • June 19, 1999 ~

RECREATION COMMISSION

The Recreation Commission meets in public session on the first Monday of each month, September through June, and welcomes the participation of all residents. The Commission is committed to providing a wide range of recreational opportunities to all Stratham residents, from pre-school programs to senior citizen activities.

In 1999, the Commission began to emphasize cultural programs and trips, resulting in more than fifty residents attending the Boston Pops Holiday concert in Durham and forty people attending a performance of the musical, STOMP, in Portland. In June 1999, we sponsored an outdoor concert featuring the band, BeatleJuice, with over one thousand people in attendance. The success of this program will result in a concert series for the year 2000, with a return of BeatleJuice on June 24th, and the United States Air Force Band on May 21st. Based on the success of these programs, the Commission intends to continue to offer these types of programs throughout 2000.

After many years of volunteer service as an umpire, coach, program chair, and Commission member, Kevin Rowe has stepped down from the Commission. We sincerely appreciate all of the hard work and effort that Kevin has given in more than twenty years of volunteering in the Recreation programs.

Throughout 2000, the Commission will form a committee to develop a Master Plan for the 22-acre Stevens property, purchased in 1999 for recreational use. This Master Plan is scheduled to be completed in 2000 and will be presented at Town Meeting 2001.

Along with the youth sports outlined below, we also offer programs in Men's basketball, aerobics, dance, a summer camp, the Halloween party, and the annual Easter Egg Hunt. We welcome new ideas and suggestions, and are constantly looking to expand our program offerings.

The Recreation Commission sponsors the following youth sports programs:

- | | |
|------------|--|
| Basketball | 240 girls and boys from first through eighth grades. We offer recreational programs in addition to 5 th & 6 th grade travel teams. |
| Baseball | 380 children ages 6-15. Programs range from T-ball to Babe Ruth play. Play is co-ed, and runs from early April to late June, with some older teams playing through July. |
| Soccer | 595 girls and boys ages 6-14. We offer co-ed and girls recreation programs with travel teams playing on a statewide competitive basis.
Congratulations to:
Under 14 Boys Team: Division II State Champions
Under 12 Boys Team: Division I State Champions |
| Softball | 140 girls ages 6-14. Spring programs are recreational. Teams play in the Seacoast Softball League. |

HIGHWAY DEPARTMENT REPORT

The winter of 1999-2000 started off very unseasonably warm until mid-January and then the cold finally hit! Forty below zero wind chills were common for 10 days and 3 storms hit in quick order. In New Hampshire, you never can tell about the weather.

Your Highway Department has many duties besides road maintenance. We also take care of the cemeteries, Transfer Station, and various parking lots. This winter we have seen an increase in basketball hoops and cars parked within the right-of-way. Mailboxes are also getting set too close to the road. Please put them 4 feet off the paved surface of the highway and place reflective markers on them.

We maintain over 100 different streets now in Stratham, and are adding more each year. The new big addition this year will be the Winterberry Subdivision across from the Transfer Station into North Hampton. Hopefully, we will be adding a new person and a truck to our department to handle all the roads (especially for plowing snow). We have added 2.6 miles of new roads this past year to our collection.

Our paving budget gets harder to maintain each year as more roads mean more older roads in need of maintenance. It is hard to determine which roads get priority on paving because money can only go so far. We crack sealed many miles of roads this past year to extend the paving budget.

For a small crew of 4 full-time employees, we do a fine job and appreciate your input. Feel free to call us at 772-5550 with any questions and, of course, compliments.

Thank you,

Fred A. Hutton, Jr., Highway Agent
Cameron Sewall
Russell Stevens
Alan Williams

MOSQUITO CONTROL REPORT & WEST NILE VIRUS UPDATE

The 1999 mosquito season began with normal expectations and little fanfare, but ended with mosquito control leading the nightly news. A new disease appeared in this country, birds were dropping out of the sky, people were dying, and horses were dying. West Nile Virus (WNV) overshadowed everything else that occurred in the 1999 mosquito season. WNV is transmitted by infected mosquitoes. There is no evidence of person-to-person or animal to person transmission. In New York, the disease affected 61 people, killing seven, in addition to killing eight horses. Then WNV turned up in Connecticut and New Jersey. Bird cases were reported in New York State within 10 miles of the Massachusetts border. It was getting closer. Everyone was asking the same question -- should we be worried here? Experts believe the disease will spread as birds migrate. While WNV has not yet been detected in New Hampshire, it has our attention. In the Northeast, everyone from public health officials, state agencies, and mosquito control specialists to experts from the Centers for Disease Control (CDC) are preparing for the spread of WNV. New control programs are emerging in NY and CT, while disease surveillance programs are expanding in nearly every state. Experts agree that with any public health threat, it is better to be active than reactive.

This disease not only has the potential to threaten public health in the Northeast, but it could devastate wildlife as well. In NY, NJ, and CT, tens of thousands of dead birds have been found. Currently, the list of susceptible species includes crows, hawks, turkeys, ring-necked pheasants, merlins, cranes, Canadian geese, domestic geese, chickens, morning doves, cowbirds, rock doves, house sparrows and cardinals as well as cats, dogs, horses, and humans.

Whether West Nile Virus emerges and spreads to New Hampshire next season or mysteriously disappears remains to be seen. Educating the public is one way to help residents reduce their risk of exposure. Preliminary reports indicate several mosquito species transmit the disease. All competent vectors are found here in Stratham including *Aedes sollicitans*, the summer salt marsh mosquito, and *A. vexans*. However, *Culex pipiens*, the northern house mosquito, appears to be the best vector of WNV. It has a short flight range and is commonly found throughout the state breeding in catch basins, sewage lagoons, discarded tires, birdbaths, and any backyard container. Check your yard for containers holding water. Don't allow stagnant water to sit for more than a few days. Change birdbath water frequently. These practices are always recommended to eliminate mosquito-breeding habitats. Be on the lookout for dead birds, particularly crows, and call us immediately. Contact Mosquito Control at 778-3906 for assistance. We'd be happy to check your property and provide recommendations. Also, make sure your screens are tight with no holes or gaps for mosquitoes to gain entry into your home. If you must be outdoors during peak mosquito activity, wear long sleeves, pants, and use repellent.

Cases of West Nile usually occur in the late summer and early fall. Symptoms of West Nile Virus are flu-like including fever, headache and body aches, and swollen lymph glands. Severe infections will include headache, high fever, stiff neck, stupor, disorientation, coma, tremors, convulsions, paralysis, and death. Fortunately, the mortality rate for West Nile Virus is only 3% to 15%. Individuals at greatest risk from West Nile Virus are children, the elderly, and people with compromised immune systems. There is no vaccine.

**MOSQUITO CONTROL REPORT
& WEST NILE VIRUS UPDATE
(continued)**

In partnership with the Dept of Public Health, Dragon Mosquito Control traps mosquitoes in Stratham, which are then tested for diseases like West Nile Virus and Eastern Equine Encephalitis. This type of mosquito surveillance is an important tool for early detection of WNV. CDC recommends mosquito control as the most effective way to prevent transmission of this disease. We provide control of mosquitoes in Stratham most likely to transmit diseases. We continue to use a biological product known as Bti to control mosquito larvae in swamps and salt marshes. The truck-mounted sprayer disperses a pyrethroid called sumithrin to control adult mosquitoes.

If you do not want your property sprayed, please send your request in writing to Mosquito Control, P.O. Box 46, Stratham, NH 03885, or call us at 778-3906 to reaffirm last year's request. If you'd like more information on West Nile Virus, mosquitoes, or the insecticides we use, please contact the Mosquito Control Office from April through September.

Respectfully submitted,

Sarah MacGregor

STRATHAM HISTORICAL SOCIETY

In 1999, the Stratham Historical Society continued to build on its base of historical records and memorabilia concerning the Town of Stratham. Over 40 people and organizations donated artifacts to the Society, like the family of Donald Littlefield, for example.

We are extremely proud of Joe Prendergast and the results of his Eagle Scout project, completely landscaping the grounds surrounding the building. Joe planned the project, and to raise funds, he offered cobblestones engraved with your family name, which were then used to form the border around the garden. He was so successful, he was able to re-landscape completely around the building, and around the Society's sign out front. The funds were needed to purchase plantings, mulch, the cobblestones, and other incidentals. With the help of many other scouts and their parents, this huge project was completed, making the whole area look great! Funds were even left over, and donated to the Library Trustees for perpetual care. A hearty thank you to Joe Prendergast, so well deserved.

Our programs, to which the public is always invited, were: Dr. Jere Daniell of the NH Humanities Council, spoke about New Hampshire's role in the ratification of the Constitution; Paul Hughes told of the mystery of the Indian murder in Exeter; and our own Peter Wiggin gave us information about the early history of Stratham.

Our third grade outreach program continued, with a visit to the SHS by all the students in that grade, accompanied by a slide show of old houses in Stratham and the 250th celebration.

Our on going projects included placquing old houses in Stratham, genealogical research for folks from near and far, accessioning and cataloguing items received, compiling a file of newspaper clippings from local media, and special exhibits at the Society such as valentines and early kitchenware. For our annual trip, we visited the Newburyport Historical Society and the Coffin House, one of the oldest houses in Newburyport. Our fundraisers consisted of a bake sale on Election Day, pizza sales at the Stratham Fair, and an Appraisal Day held in the spring.

The Stratham Heritage Commission meets at the building, in a comfortable basement work area set aside for its use. The Society is open to the public. Our hours are 9–11:30 AM every Tuesday, 2–4 PM every Thursday, and the first Sunday of each month from 2–4 PM, and by appointment.

We would like to thank everyone for all the help given to us over this past year, and cordially invite you to come by for a visit, and see what is being done to preserve Stratham's past!!

Respectfully submitted,

Barbara K. Mann, President
Stratham Historical Society

TOWN OF STRATHAM, NEW HAMPSHIRE

**REPORT ON AUDIT OF FINANCIAL STATEMENTS
DECEMBER 31, 1998**

Bernard, Johnson & Company, P.C.

Certified Public Accountants and Business Advisors

Board of Selectmen
Town of Stratham
Stratham, NH 03885

We have audited the general purpose financial statements of the Town of Stratham, New Hampshire, and its combining and individual fund financial statements as of and for the year ended December 31, 1998. In planning and performing our audit, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on the internal control structure. However, we did not note any matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control system that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not disclose all reportable conditions that are also considered to be material weaknesses as defined above.

This report is intended solely for the information and use of the Board of Selectmen, Officers, and management. This restriction is not intended to limit the distribution of this report which, upon acceptance, is a matter of public record.

INDEPENDENT AUDITORS' REPORT

Board of Selectmen
Town of Stratham
Stratham, NH 03885

We have audited the accompanying general purpose financial statements of the Town of Stratham, New Hampshire as of and for the year ended December 31, 1998, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements, based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Town has not maintained a record of its general fixed assets and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not presented in the financial report.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Stratham as of December 31, 1998, and the results of its operations and cash flows of its proprietary fund types and non-expendable Trust Funds for the year then ended, in conformity with generally accepted accounting principles.

TOWN OF STRATHAM, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1998

REPORTING ENTITY:

The Town of Stratham (the Town) was incorporated in 1716 under the laws of the State of New Hampshire and operates under an elected three-member Board of Selectmen. In fiscal year 1998, it was determined that no entities met the required Government Accounting Standards Board statement #14 criteria of component units.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Stratham, New Hampshire, conform to Generally Accepted Accounting Principles (GAAP). The Town's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

Basis of Presentation-Fund Accounting

The activities of the Town are accounted for through the use of several funds. Each fund is a separate accounting entity utilizing separate sets of self-balancing accounts which are summarized by type in the financial statements. The following fund types are used by the Town:

Governmental Funds

Government Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources and the related liabilities (except those accounted for in fiduciary and proprietary funds) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position, rather than upon net income determination. The following are the Town's governmental fund types:

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund. Most revenue and expenditures of a general government nature are accounted for in this fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to specified purposes.

(Continued)

TOWN OF STRATHAM, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1998
(Continued)

Fiduciary Funds

Trust and Agency Funds - Fiduciary Funds are used to account for assets held by the Town in a trustee capacity. These include Expendable Trusts, Non-expendable Trusts and Agency Funds. Non-expendable Trusts are held by the Town whereby the principal balance cannot be spent; however, investment earnings may be spent for the intended purpose, while Expendable Trusts are accounted for similar to governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Basis of Accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

All Governmental Funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain. Property tax revenue is measured in the year levied.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

All Proprietary Funds and Non-expendable Trust and Pension Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents - The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

(Continued)

TOWN OF STRATHAM, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1998
(Continued)

Investments - Investments are stated at market value as required by Statement of Financial Accounting Standards (SFAS) No. 115 Accounting for Certain Investments in Debt and Equity Securities. Marketable equity securities and debt securities should be classified as either held to maturity, trading, or available-for-sale. Debt securities classified as held-to-maturity should be reported in the balance sheet at amortized cost. Trading securities and available-for-sale securities are reported at fair value.

Accounting for Encumbrances - Encumbrance accounting is used for the General Fund and special revenue funds. Encumbrances are recorded when purchase orders are issued but are not considered expenditures until liabilities for payments are incurred. Encumbrances are reported as a reservation of fund balance on the balance sheet. Encumbrances do not lapse at the close of the fiscal year but are carried forward as reserved fund balance until liquidated.

Budgetary Control - An annual appropriated budget is adopted for the Town's general fund. Budgets are prepared by the budget advisory committee and selectmen on a detailed line-item basis. Revenues are budgeted by source. Expenditures are budgeted by department and character (salaries, utilities, supplies, etc.). The budget is voted on and enacted at Town Meeting in the aggregate. The final budget is then presented to the Department of Revenue Administration for their review and approval of the tax rate. Certain limitations set by state statute must be adhered to before the rate is established. Since the budget is voted on in the aggregate the total becomes the legal level of control. Within this control level, the selectmen may transfer appropriations without further action from the Town.

APPROPRIATED FUND BALANCE:

The balance in the general fund account - appropriated fund balance - represents unexpended funds for current and previous years special appropriations for the following purposes:

Property acquisition	\$100,000
Municipal improvements	1,230
Voting booth	443
	<u>\$101,673</u>

The balance in the trust funds represent unexpended capital reserve accounts established for the following:

Land conservation	\$ 93,935
Fire department vehicle	60,000
	<u>\$153,935</u>

(Continued)

TOWN OF STRATHAM, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1998
(Continued)

4. TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW:

Total columns on the Combined Statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Such data is not comparable to a consolidation since interfunctional elimination's have not been made.

5. PROPERTY TAX CYCLE:

Property taxes are based on values assessed as of April 1, and are normally due by December 1, or thirty days subsequent to mailing date, whichever is later. Taxes due and unpaid after the respective due date are subject to interest at 12%. The Town has an ultimate right to foreclose on property for which taxes have not been paid. 90 days after the taxes become delinquent the tax collector can initiate the tax lien/sale procedure by notifying the taxpayer by certified mail that they have 32 days to pay the bill or a lien shall be recorded against the property at the Registrar of Deeds. Once such lien is placed, interest increases to 18%.

If full redemption of such outstanding tax lien is not timely made within two years of the execution of the lien, including statutory interest and costs accrued thereon, a tax deed may be issued to the holder of such lien pursuant to RSA 80:38 or RSA 80:76, and disposed of as the deed holder shall determine.

6. PROPERTY, PLANT AND EQUIPMENT:

The Town has not maintained a complete record of general fixed assets and accordingly a complete statement of general fixed assets required by generally accepted accounting principles is not included.

7. CASH AND INVESTMENTS:

RSA 48:16 requires that all funds belonging to the Town shall be deposited in solvent banks within the state, except funds may be deposited in banks outside the state if such banks pledge and deliver collateral to the state treasurer of equal value as the funds deposited. There is no requirement of an in-state bank to collateralize deposits in excess of FDIC insurance.

(Continued)

TOWN OF STRATHAM, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1998
(Continued)

7. CASH AND INVESTMENTS (continued)

The Town's cash deposits and investments at December 31, 1998, are categorized by maturity date and by the level of risk assumed by the Town. The risk categories are defined as follows:

- (1) Insured or collateralized with securities held by the Town or its agent in Town's name;
- (2) Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name;
- (3) Uncollateralized or uninsured for which securities are held by the financial institution's trust department or agent but not in the Town's name.

At December 31, 1998, the Town's deposits and investments consisted of the following:

	Categories			Total Cost	Market Value
	1	2	3		
Demand deposits	\$255,594	\$ -	\$3,308,031	\$3,563,625	\$3,563,625
Securities	-	-	239,779	239,779	337,851
	255,594	-	3,547,810	3,803,404	3,901,476
Investments not subject to categorization-					
New Hampshire Public Deposit and Investment Pool	-	-	-	382,012	382,012
	\$255,594	\$ -	\$3,547,810	\$4,185,416	\$4,283,488

8. RECONCILIATION OF BUDGET AS APPROVED AT TOWN MEETING TO GAAP BASIS BUDGET:

Total appropriations - Town Meeting	\$11,634,534
Add: Prior years' appropriations expended	
1996 Facilities development	921
1997 Police computers	13,476
1997 Municipal center	17,745
Less: 1998 Appropriations carried forward	
Property acquisition	(100,000)
Municipal center	(1,230)
Voting booth	(443)
	<u>\$11,565,003</u>

(Continued)

TOWN OF STRATHAM, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1998
(Continued)

7. YEAR 2000 ISSUE (Unaudited):

The year 2000 issue is the result of shortcomings in many electronic data processing systems and other electronic equipment that may adversely affect the government's operations commencing January 1, 2000. The Town of Stratham has completed an inventory of computer systems and other electronic equipment that may be affected by the year 2000 issue and that are necessary to conduct the Town's operation. Based upon this inventory the Town decided that a complete systems upgrade was the most appropriate action. The Town in March, 1999 voted CIP appropriation of \$55,800 to accomplish this. Outside vendors were given an opportunity to present and propose systems appropriate to the town's needs and budget. In August of 1999 the new systems were chosen. From that time installation and testing the systems have been implemented.

Because of the unprecedented nature of the year 2000 issue, its effects will not be fully determinable until the year 2000 and thereafter. Management cannot assure that the Town is year 2000 ready or that parties with whom the Town does business will be year 2000 ready.

SCHOOL DISTRICT WARRANT
2000
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Stratham qualified to vote in School District affairs:

You are hereby notified to meet at the Stratham Memorial School in said District on the tenth day of March, 2000 at seven o'clock in the evening to act on the following subjects:

1. To see if the School District will vote to raise and appropriate the sum of \$5,420,949.00 for the support of schools, for payment of salaries of School District officials and agents, and for the payment of the statutory obligations of the School District, not including appropriations by special warrant articles and other appropriations voted separately. (The School Board recommends this appropriation).
2. To see if the School District will vote to raise and appropriate the sum of \$183,281.00 for the purpose of expanding the present half-day kindergarten program to that of an extended-day kindergarten program. Such sum to cover the cost of additional salaries and related benefits, additional equipment and supplies, and additional transportation. (The School Board recommends this appropriation).
3. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen and pass any vote relating thereto.
4. To choose Agents, Auditors, and Committees in relation to any single subject embraced in this warrant.
5. To transact any other business which may legally come before this meeting.

Given under our hands at said Stratham this 9th day of February, 2000

SCHOOL DISTRICT TREASURER

MANAGEMENT LETTER

OF

STRATHAM SCHOOL DISTRICT

For the Year Ended June 30, 1999

Stratham School Board
Stratham School District
Stratham, New Hampshire 03885

To the School Board:

We have audited the financial statements of Stratham School District for the year ended June 30, 1999, and have issued our report thereon dated October 25, 1999. As a part of our audit, we reviewed and tested the School District's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable but not absolute assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by those managing the Stratham School District affairs.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or any other of several factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented intentionally by those managing the Stratham School District affairs with respect to the estimates and judgments required in the preparation of financial statements.

Further projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Stratham School District system of internal accounting control for the year ended June 30, 1999, which was made for the purpose set forth in the first paragraph above, would not necessarily disclose all weaknesses in the system. However, such study and evaluation disclosed the following conditions that we believe should be corrected as soon as possible.

STRATHAM SCHOOL DISTRICT

Internal Accounting Control Recommendations

For the Year Ended June 30, 1999

PREVIOUS RECOMMENDATIONS

Property and Equipment (School Board, District Office)

The School District does not maintain records of general fixed assets as a matter of policy. Such assets would consist of such items as: land, buildings, furniture and fixtures, equipment, vehicles, etc. The recording of fixed assets fulfills the stewardship needs to provide for physical and dollar value control, and establishes accountability for capital expenditures over the years.

With the recording of fixed assets, the related depreciation could be determined on an annual basis for the purpose of measuring total costs of the School District's services and evaluating the efficiency of programs. This would be particularly true with the food service fund.

ADDITIONAL RECOMMENDATIONS

Food Service (School Board, District Offices, Treasurer, Lunch Director)

Payment of Invoices and General Ledger

When invoices are paid, the checks are written by the Food Service Director. These checks are signed by the School District Treasurer. No detail general ledger is maintained. A general ledger system should be implemented and maintained at the SAU. All invoices should be paid thru Stratham School by SAU.

Cash Checking

After comparing net loss for the last two (2) years' 1999 - \$<6,354> and 1998 - \$<4,424>, based on this scenario, the Food Service may not be able to pay vendors and salaries within two (2) years. The School Board should consider subsidizing Food Service within three years, options; increase the meals or reduce salaries.

Record Keeping

The food director maintains daily records of students who ate hot meals. The numbers are recapped on a monthly basis and maintained for the school year. However, when testing the individual months, the students who paid for their meal, the daily and monthly totals were incorrect. The months of October, December, January, February, May and June were incorrect. The total for the year increased by 216. During October 1999, a new cash register was purchased. The total count on a monthly basis should be monitored to ascertain they are correct.

LORTIE & CARIGNAN, PROFESSIONAL ASSOCIATION
Certified Public Accountants

Auditor's Report (School Board)

We found no mention of the discussion of the prior years auditor's reports in the minutes of the School Board meetings during the year. As the Audit is a reflection of the financial condition of the District for which the Board is accountable, we recommend that the Board minutes reflect the discussion and acceptance of the report.

We feel very strongly that the institution of the above outlined procedures will lead to more reliable and responsible financial reporting. With government funding being as it is, we know how important reliable financial reporting can be.

We would like to thank everyone involved with the audit for their help and cooperation.

If you have any questions regarding the audit or if we may be of further assistance, please do not hesitate to contact us.

Very truly yours,

LORTIE, & CARIGNAN, PROF. ASSN.

SAU 16 Report of Administration

Arthur L. Hanson, Ed.D.
Superintendent of Schools

Paul A. Flynn
Assistant Superintendent of Schools
Director of Human Resources

Barbara L. Lobdell
Assistant Superintendent of Schools

In August, several schools in SAU 16 welcomed new administrators to their buildings: Gary Heald, Principal, Exeter High School; Jerry Frew, Principal, Cooperative Middle School; and Pat Cushing, Principal, East Kingston Elementary School. Additionally, the following individuals assumed new positions: Cas Donovan, full time Assistant Principal, Exeter High School; Bill Ball, Athletic Director, Exeter High School; Mike Olson, Assistant Principal, Cooperative Middle School; Tom Fosher, Principal, Stratham Memorial School; Dennis Dobe, Assistant Principal, Stratham Memorial School; and Thaia Katsos, Assistant Principal at both Main Street School and Lincoln Street School.

The schools opened their doors to continued record enrollments: Swasey Elementary School in Brentwood – 254; East Kingston Elementary School – 181; Exeter Elementary (Main Street School and Lincoln Street School) – 1090; Kensington Elementary – 173; Newfields Elementary – 143; Stratham Memorial School – 626; Cooperative Middle School – 1298; and Exeter High School – 1448.

Due to these enrollments, most school districts are investigating renovations and/or new construction to their school facility. East Kingston broke ground in October for an additional four classrooms, including kindergarten. Swasey School in Brentwood, Newfields Elementary and Kensington Elementary are in the final stages of putting plans together for additions to their schools. Once again, Lincoln Street School will present a warrant article to the Exeter voters in an effort to address the remaining building deficiencies.

The Exeter Region Cooperative School Board has been involved for the past twenty-six months in a comprehensive review of space and building needs for Exeter High School staff and students. The current structure not only presents the students and staff with physical inadequacies, but limits our educational abilities to perform at the standards set forth by the New England Association of Schools and Colleges.

The board held a two-day "Future Search Conference" in the spring of 1999. A broad cross-section of individuals from the SAU towns, including parents, students, educators and community members, participated in this endeavor. Although there were many outcomes and recommendations from the group, the major endorsement of the participants was to renovate the current facility versus building a new high school.

The on-going High School Facilities Committee, chaired by John Henson, was charged by the Coop Board to develop a recommended renovation/new construction site plan with assistance from Banwell Architects and Hutter Construction Company. In conjunction with the High School Facilities Committee, a Publicity Committee was created and is presently speaking to service organizations, parent groups, various school boards and other interested parties regarding the recommended plan. They are also leading tours of the current high school to educate the community concerning the immediate need for this project.

There continues to be a sense of collaboration among the individual school districts. As a SAU, we are continually working to coordinate curriculum, technology initiatives, a common evaluation process for both teachers and administrators through a district-wide committee, and a crisis management and emergency response plan for all schools in the SAU.

Because of the many funding challenges that we face in SAU 16, the boards and administrators are working diligently to present schools budgets that reflect this. As an example, the SAU budget for the school year 2000-2001, as approved by the SAU Joint School Board in December 1999, is level-funded.

The offering of quality education continues to be a priority for the citizens of SAU 16. The continued support and involvement of many businesses, community members and parents is truly appreciated. Working together, we can assure that our graduates are ready to meet the challenges of the 21st century.

A handwritten signature in cursive script, appearing to read "Alfano".

Stratham School Board Report

The work of the Stratham School Board for this past year has included several significant events for our board, our school, our staff, and our students. We began the year with the goal of recruiting a principal who would bring stability to the school's administration by making a long term commitment to Stratham Memorial School. We wanted someone who could build on our strengths, but who would also commit to an educational renewal of our school. When Tom Fosher accepted this challenge, we knew that we would be able to begin the year with a skilled principal who knew our faculty, our community, and most important, our students. With Meg Driscoll and Mary Ellen Palmer as Directors of Special Services and Dennis Dobe as Assistant Principal we have a strong administrative team in place that is capable of providing the leadership for SMS to build on its achievements and continue to develop as a school of educational excellence.

This year marked the first year of a new three-year teacher contract. One aspect of the contract called for the school year to begin with a goal setting meeting through which faculty, administrators, and board members could come to agreement on a common learning goal on which the school would focus for the coming year. After much discussion, the school identified the improvement of mathematics instruction as the area of emphasis. One portion of each teacher's professional development plan and professional evaluation for this year will address the school-wide goal of improved mathematics instruction. The school will report on its successes in attaining this goal next summer. Other positive results came out of our initial meeting. We established a focus for the year that would allow us to begin to work together on a common goal to benefit students. We also noticed that the communication between faculty, administration, and board members began to improve as we listened to one another and took the steps necessary to begin to build the trust that is essential to our working collaboratively. At SMS we are very fortunate to have such an experienced faculty committed to continued professional growth and to working towards school improvement.

This past fall the board worked with faculty and staff to design a celebration of the beginning of a student's education at SMS. When the kindergarten class arrived we presented the students with a copy of *Miss Bindergarten Gets Ready For Kindergarten* and a certificate commemorating their first steps in the development of literacy skills as they began a journey of life-long learning. The book was accompanied by tips to parents for working with prereaders and inviting the parents to work with us as partners in the education of their children. We continue to strive to find ways to recognize and celebrate the many talents of the students in our school.

This year has been one of transition for our board. Gordon Bailey and Sandy Rowe stepped down from the board last March after many years of service to the community. This March Liz Gobin and Bob O'Sullivan will also complete their service to Stratham. We are grateful for all of the time and energy they gave to the school, but we will miss the years of experience that will no longer be at the table when the board meets. The new board will continue to look to the broader community of Stratham to support our work through service as school volunteers and as participants on school board committees.

Many challenges remain. As a community we continue to grow and to change, and our school must continue to reexamine itself and respond to the changing demands of the community we serve. We are confident in our ability to respond to these challenges. Stratham has a long tradition of being committed to and supportive of quality education. According to Charles Nelson's *History of Stratham* "A leading reason urged by the people in their petition for a town charter was their desire for a school, and they promptly hired a teacher and started one long before they had a school house." Today's citizens are equally supportive of providing a quality education. We look to your continued support as we work to provide a solid educational program that can be achieved through reasonable expenditures. The board always welcomes input from Stratham's residents. Our meetings, which are open to the public, are held at 6:30 P.M. on the second Wednesday of every month in the SMS library. We hope to see you there.

Regular Education Report
January 20, 2000

The school year commenced in late August as we prepared for the coming of Y2K. New staff members include Gwen Davis, Grade 2; Bruce Larson, Enrichment Coordinator; and Mr. Dennis Dobe, Assistant Principal. Two teachers were assigned to new grade levels, Mrs. Cathy Warner, Multiage 1-2, and Mrs. Deb Fennessy, Grade 1. We also saw a familiar friend and teacher, Gail Stevens, head off into retirement in June.

Curriculum changes continue to occur within the SAU. The completion of the science curriculum and the ongoing development of mathematics have provided teachers throughout our district with common outcomes. At Stratham Memorial School the use of the Four Blocks Language Arts design has aided in the reading, writing, and spelling programs within our primary grades. Picturing Writing has also provided students with an opportunity to enhance their vocabulary and language skills in writing. Everyday Mathematics is in its second year of usage at all levels, kindergarten through grade five. Through the town's continued support, the Enrichment Program at SMS is taking off. Many programs were initiated and have provided students with a variety of experiences, these range from the study of insects to mathematics to robotics.

Utilizing the manpower and funding from B.A.S.E., SMS PTO, and the Stratham Teachers' Association, we were able to provide students with many enriching programs. Some of these programs include Blues musician T.J. Wheeler, The Pontine Theatre, Lesley Smith and the Theatre of Life Puppets, Genevieve Aichele and Peter Motson from the New Hampshire Theatre Project, and Jeff Corwin from Disney's "Goin' Wild".

Technology at the school has been upgraded, with the addition of ten new computers, laser printers and monitors. Information about the school, programs and events, can be received through our web page <http://fc.sau16.k12.nh.us/~sms/>.

The school has once again received the NHEIAP Blue Ribbon Award for its volunteer program. This year the community has volunteered over 7,000 hours to assist the school in a variety of ways. A thank you to all who make this possible, most notably our coordinators Anne Weidman, Deb Courtovich, and Anne Moreau.

As we move forward into the twenty-first century, it is encouraging to have the wonderful support of the Stratham community. Our doors continue to remain open for you to visit.

Respectfully submitted,

Thomas J. Fosher
Principal

Stratham Memorial School Special Education Report

Special Education services at Stratham Memorial School have been provided in accordance with the federal special education law known as Individuals with Disabilities Act (IDEA) for children ages 3-21 which mandates free, appropriate, public education for students with disabilities. We continue to look forward to an updated version of the New Hampshire Standards for the Education of Students with Disabilities that will outline the revisions in our current state guidelines as a result of the 1997 Amendments to IDEA. Currently, there are fourteen types of educational disabilities that could qualify a child for special education services. At this time, Stratham Memorial School is providing support to 85 children, aged preschool through grade five.

Special Education consists of specially designed instruction..... "to meet the unique needs of a child with a disability" as well as **related services and supplementary aids and services** needed for a child to benefit from special education. These services are provided by a team of certified professionals and qualified examiners who make up the Special Evaluation and Placement Team (SEPT). The law mandates parent participation as well as teacher input when evaluating a child's learning needs and developing an educational program (IEP) for the child if she or he is eligible for services. Stratham Memorial School has always stressed the importance of gathering information from all team members and sharing information so that all participants can gain insight into each referred child's learning style and needs.

Our special education staff continues to refine the new format for Individual Education Plans (IEPs). We hope to more clearly identify areas of concerns and goals for assisting students in accessing the general education curriculum that are aligned with the NH Curriculum Frameworks. The IEPs continue to be integrated across skill areas so that all personnel with whom the child works will be focused on achieving the identified goals in a cohesive way.

This year SMS is offering more training opportunities on early release days and inservice days to our paraeducator and professional staff to provide more in-depth knowledge and understanding of children with educational handicaps. In addition, we have increased our resource materials for assistive technology to help students access regular education curriculum materials, build specific academic skills, and communicate more effectively.

Finally, we believe that students benefit most when parents and school personnel collaborate to achieve the same goals. We welcome your input and encourage you to participate with the special education team in an open dialogue about the educational needs of your child.

Director of Special Services

Director of Special Services

Cancellation days due to inclement weather may be made up during April vacation and/or Saturdays. The decision of whether to use April vacation will be made by March 5, 2001.

With one (1) snow day built in, this calendar reflects 181 student days. If a snow day is not used, the last day for students will be June 13, 2001.

STRATHAM SCHOOL DISTRICT MEETING MINUTES

March 5, 1999

The meeting was called to order at 7:05 PM by Moderator, W. Douglas Scamman, Jr.

The Moderator recognized Gordon Bailey, chairman of the School Board, to lead the pledge of allegiance.

The Moderator welcomed everyone and outlined his rules for the meeting that he does not recognize motions to lay an article on the table. He also noted that he will read only the beginning of the warrant, and then read each article as they come up for vote.

Article 1. To see if the School District will vote to raise and appropriate the sum of \$5,049,272.00 for the support of schools, for payment of salaries of School District officials and agents, and for the payment of the statutory obligations of the School District. (The School Board recommends the adoption of this article.)

The Moderator recognized Gordon Bailey. Mr. Bailey moved to raise and appropriate \$5,049,272.00. Seconded by Mrs. Gobin.

Mr. Bailey overviewed the budget, highlighting and explaining areas of increase.

The Moderator repeated the question. He then recognized Janet Prior, chair of the Financial Advisory Committee. Mrs. Prior introduced the members of the committee and thanked them for their work. The only area the committee questioned in the budget was the \$10,000 for teacher recognition. They felt it is a new policy that was not clearly defined. They do support the budget in its entirety including the \$10,000 as a trial policy. She thanked the Board, Mr. Fosher and Mr. Flynn for their work preparing the budget.

The Moderator read the article again. He then called for the vote to approve Article 1 to appropriate \$5,049,272.00. The vote passed.

The Moderator then read Article 2: To see if the School District will vote to enter into a collective bargaining agreement with the Stratham Teachers Association (the representing the teachers in the School District schools) covering the three year period from September 1, 1999 to August 31, 2002, and approve the cost items included therein containing, in summary: change in health insurance coverage from a \$100 Deductible Comprehensive Plan with Managed Care, to which the teachers contribute 3% toward the annual premium, to a \$200 Deductible Comprehensive Plan with Managed Care, to which the

teachers will contribute 10% toward the annual premium (resulting in a savings of approximately \$32,689.00 for the 1999-2000 year), continuation of other non-salary benefits, and salary increases so that the approximate increase in the cost of teacher salaries and salary related expenses because of this agreement and step increases for each of the three years (subject to change resulting from changes in the number of and in the educational degrees of years of experience of teachers employed) over the preceding year will be: \$97,056.00 for the 1999-2000 year (approx. 4.4% over the 1998-1999), and \$105,500.00 for the 2000-2001 year (approx. 4.6% over 1999-2000), and \$97,311.00 for the 2001-2002 year (approx. 4.1% over the 2000-2001 year).

And further, to raise and appropriate the sum of \$64,367.00 for the 1999-2000 year, such sum representing the net additional costs attributable to the increase in the salaries and salary related benefits, less health insurance savings, over those included as part of Article 1, the 1999-2000 budget. (The School Board recommends that the School District enter into this agreement and make this appropriation of \$64,367.00.)

The Moderator recognized Liz Gobin. Mrs. Gobin moved to approve Article . Bill Thompson seconded the motion.

Mr. Thompson overviewed the teacher negotiation process and contract.

The Moderator asked for questions. There were none. He then reread the article and called for the vote. The motion passed.

Moderator Scamman read Article 3: To see if the School District will vote to raise and appropriate the sum of \$83,000.00 for the purpose of establishing an enrichment program (*The Challenge Program*) at Stratham Memorial School. Such sum to cover the costs of a program coordinator's salary and related benefits, additional training for staff, and the purchase of support materials and books to begin to build a program resource center. (The School Board recommends adoption of this article).

Mr. Bailey moved to adopt Article 3. Sandy Rowe seconded the motion.

Mr. Bailey recognized Michele Sopher to speak on the article. Mrs. Sopher overviewed Stratham Memorial today regarding enrichment and community, parent and staff support for a program. The In-school enrichment committee was formed as a result of the support for the need of enrichment within the school. Consultants were hired for the 1998-1999 school year to assess the need for a program and existing programs. The result of their work is *The Challenge Program*. Dan Tobin overviewed the program. The coordinator would be responsible for advising and supporting teachers; working with students; organizing and providing training; recruiting and organizing

volunteers with certain expertise to teach; grant writing and donations; and to work with the B.A.S.E. (Before and After School Enrichment) committee. Mrs. Sopher overviewed the budgeted amounts to total \$83,000.00. The coordinator salary is budgeted at \$48,000 with \$17,000 budgeted for benefits (social security, insurance, etc.). Funding for training is \$5,000 and \$3,000 for the resource library. \$10,000 is budgeted for compensated curriculum development (non-contractual time). Mrs. Sopher introduced the members of the In-School committee and thanked them for their time and work.

The Moderator reread the article and asked for questions.

Nancy Hunter of Strawberry Lane asked when changes will be seen in the classrooms. Mrs. Sopher said that teachers would receive some training and would start with courses that would benefit all students, ie. math, science, social studies. Mrs. Hunter asked if the position is a full year or 180 day position. Mrs. Gobin said that the number of days has not been decided, but it would not be a teacher contract position. Mrs. Hunter felt that a person making \$65,000 should work more than 180 days.

Donna Maskwa - Sweetland Place - urged people to vote against this article. She feels that it is not good to introduce a new program during a time when the school would be introducing a new principal. She also feels the B.A.S.E. program should not be part of the In-School Enrichment program. It should be totally funded by those participating in the programs not through taxes.

Julie Higgins of Dumbarton Oaks spoke on behalf of the B.A.S.E. program. She informed the group that they are not looking for the coordinator to take over the operation of B.A.S.E. They are looking for support from the coordinator to speak with teachers regarding the use of their classrooms and to support the parents running the program.

Barbara Loh of Coach Road feels that just because we are going through change in administration that we cannot move forward with programs.

Paula Krolikoski - Union Road - noted that she has been a parent of a student at SMS, is an active substitute at SMS, and has been a coach and judge for Odyssey of the Mind. She spoke as a taxpayer regarding the timeliness of introducing a program costing \$83,000 when the state is unsure what is happening with funding of education. She feels that it is a good program but the timing of this request is unfortunate and would urge people to vote against it.

Bob Hillery - Whitaker Drive - noted that the world is always changing and the trick is managing the change. Enrichment is not just arts. The key of the coordinator is to be a pivot for teachers to reach to for ideas and resources to

make school a more interesting and fun for students. He urged people to vote yes.

Carol Gulla of Heights Road needed to understand more fully how this program is going to help the teachers.

Rose Love of Frying Pan Lane is concerned about a child that needs extra help and how this program will help him/her, not how it will help the child that already can do the work and thinks school is fun.

Dan Tobin noted that the committee does not expect the coordinator to give one on one support to students, but the coordinator can help the teacher by finding ideas and ways to help students having difficulties.

Midori Kobayashi Barry of Hersey Lane noted that the survey and prior meetings have shown that parents are looking for an academic challenge for all students. The enrichment opportunities can be met by volunteers coming in to speak with classes. She feels it is not the right time with the state funding problems, etc. She feels people should vote no.

Moderator Scamman noted that he has a written petition for a written ballot vote. Michael Maskwa submitted the petition requesting that a paper ballot be held on Warrant Article #3, as described in the Town Report for the year ending December 31, 1998, signed by 8 Stratham residents.

Linda Salmon of Tidewater Farm Road spoke against the program. She feels that if an enrichment coordinator is needed to teach children about Shakespeare and making math fun than there is something wrong with this school, which she doesn't believe is true. She stated that we have three crowded schools in the SAU that will cost money down the road and that this program is too expensive at this time. She noted that process has supposed to individualize students' learning styles.

Janet Prior - Winnicutt Road - asked if the staff has been approached and asked what they feel about the program. Dan Tobin noted that the committee did a survey of the teaching staff and that their responses welcomed more support and resources and that they support the program.

Aidan Barry of Hersey Lane noted that Stratham is going through a lot of changes. He spoke about the demographic growth and enrollment projections.

Andy Baker is a new resident on Coach Road with a kindergarten student coming in to school. He asked if anyone could tell him what has been missed in the past 4 or 5 years without an enrichment program.

Tom Schulz - Birnum Woods Road - talked about what he experienced through his kids when Mrs. Henson was teaching enrichment and his experience as an OM coach.

Julie Higgins again clarified a few statement involving the B.A.S.E. program.

Donna Maskwa spoke about an article being voted on a few years ago to spend \$10,000 for a consultant to study what kind of school we wanted regarding the high school. It was defeated because of the question asked "why do we have an SAU office?" She asked why do we need a coordinator when we have teachers?

Jeff Gallagher of Heights Road was very disappointed when the enrichment program was cut.

The Moderator asked the question needed to be reread before the vote. He then explained how the voting would proceed.

Moderator Scamman called the meeting to order at 8:50 PM. He appointed Janet Prior, Ann Sloan, and Ted Geppner to count the votes.

While votes were being counted, the Moderator read Article 4: To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen and pass any vote relating thereto. No business was brought before the meeting. The article was passed.

Article 5 was read - To choose Agents, Auditors, and Committees in relation to any single subject embraced in this warrant. No business was brought before the meeting. Article 5 passed.

The Moderator read Article 6: To transact any other business which may legally come before this meeting.

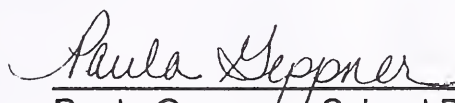

Moderator Scamman recognized Mrs. Gobin. Mrs. Gobin spoke on Sandy Rowe's and Gordon Bailey's work on the school board and thanked them for their years of service to the school. Mr. Bailey thanked the community for supporting the Board and their budgets. Mrs. Rowe also thanked the community for their support and most especially, Paul Flynn, for his support through the past six years.

The Moderator reported the vote for Article 3 was 68 in favor and 55 against. Article 3 passed.

The Moderator thank the Financial Advisory Committee for their work on the budget as well as the In-School Enrichment Committee. He then reminded everyone that Tuesday, March 9, is election day for town and school officers as well as the Co-Operative district budget. The ballot for the Co-Operative appeared in the Exeter News-Letter.

Mr. Bailey moved to adjourn the meeting at 9:02 PM; Mrs. Rowe seconded the motion.

Respectfully submitted,

A handwritten signature in cursive script, reading "Paula Geppner", written over a horizontal line.

Paula Geppner, School District Clerk
